SUPPORT

Customer
Support

Other companies offer you little variety of products.

Explain

If you want to buy a classic pergola from other companies, they will offer you fewer types of system design.

Classic Pergola

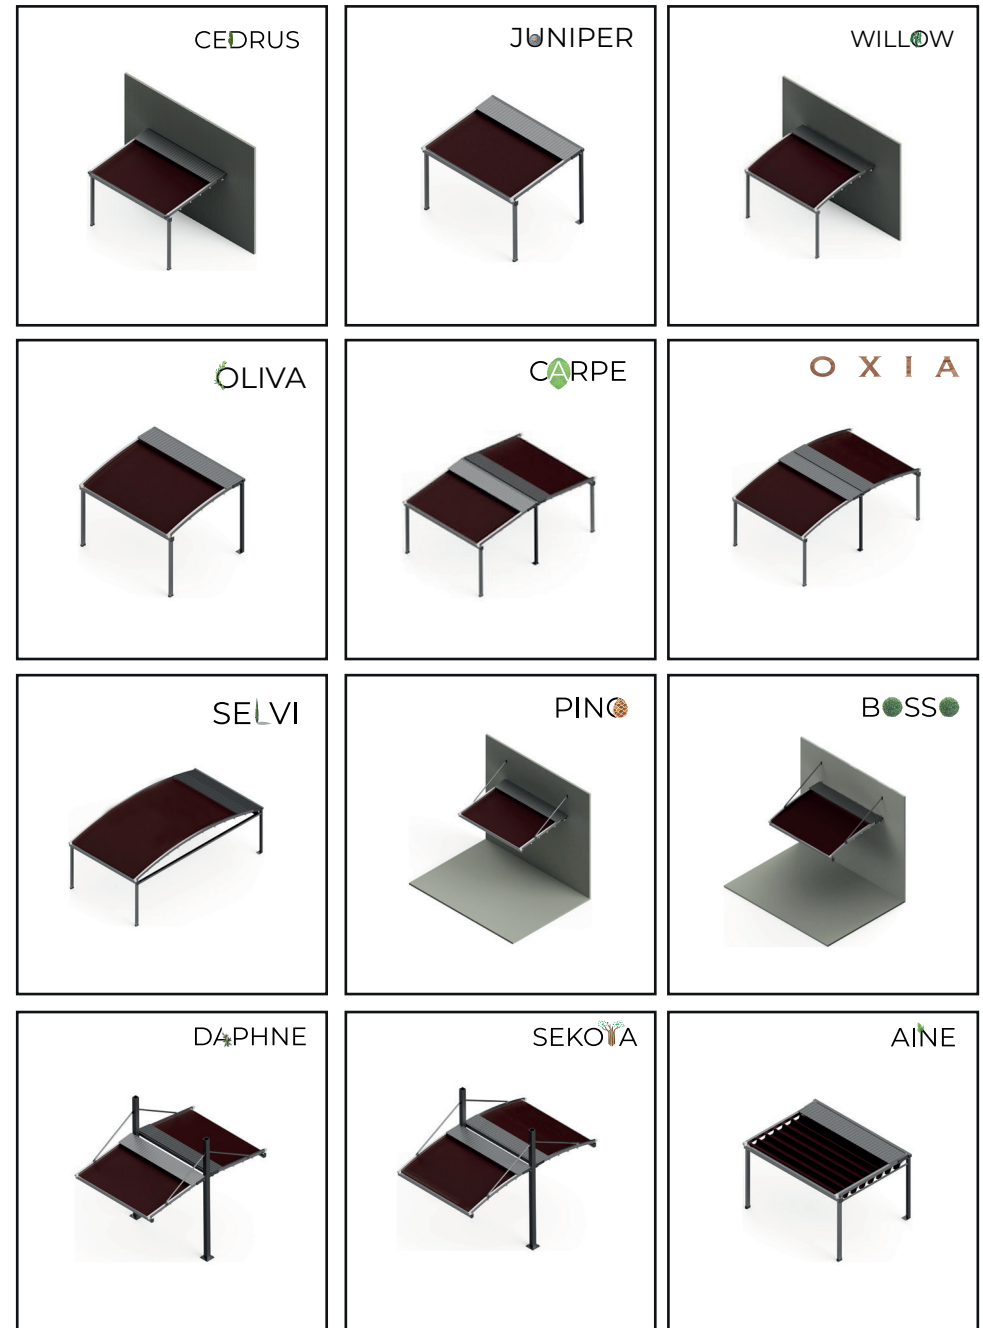

Multiple choice

From our companies catalog, you can choose most ergonomic pergola design that will be suitable for your location.

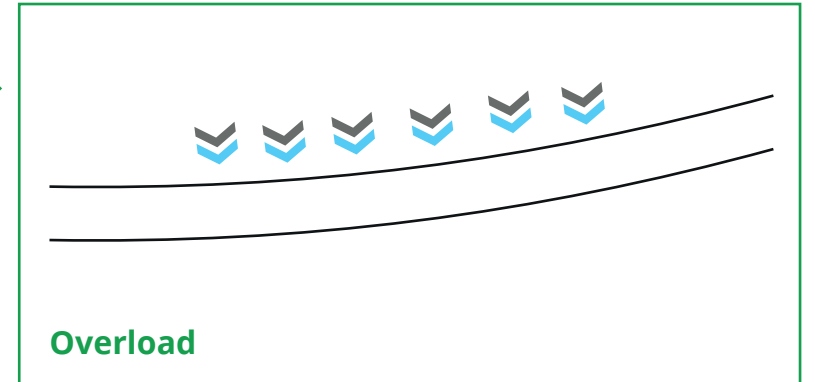

Advantage?

Wall mounted,
Free Standing,
Parasol design
types.

Weak System Profiles

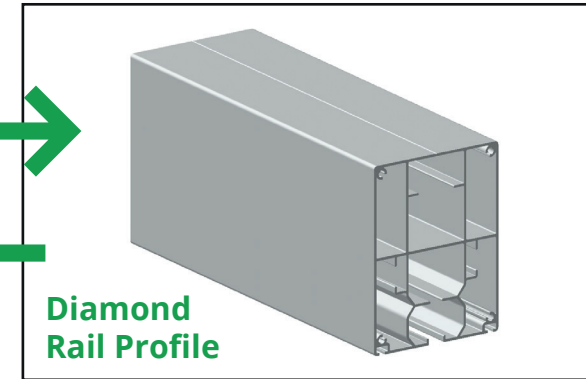

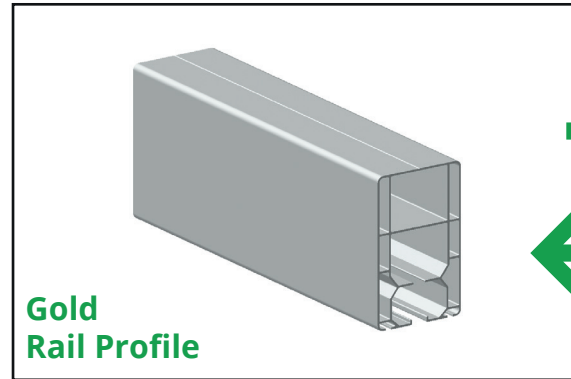

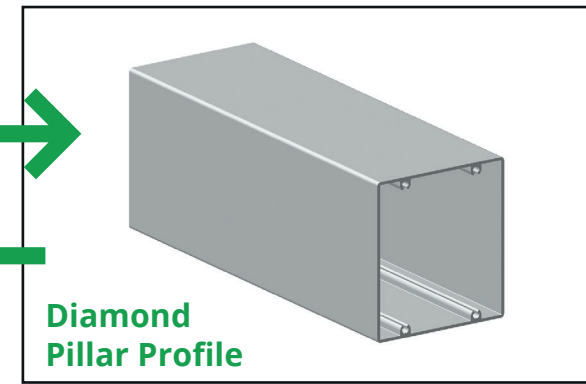

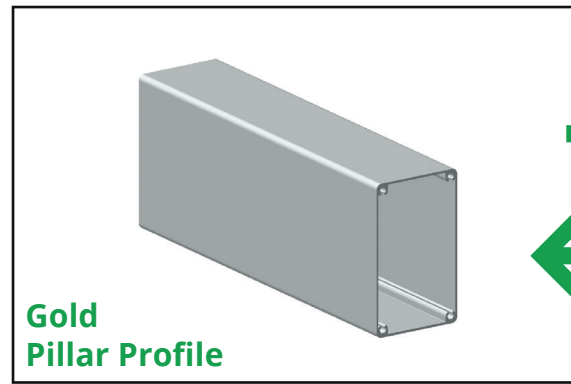

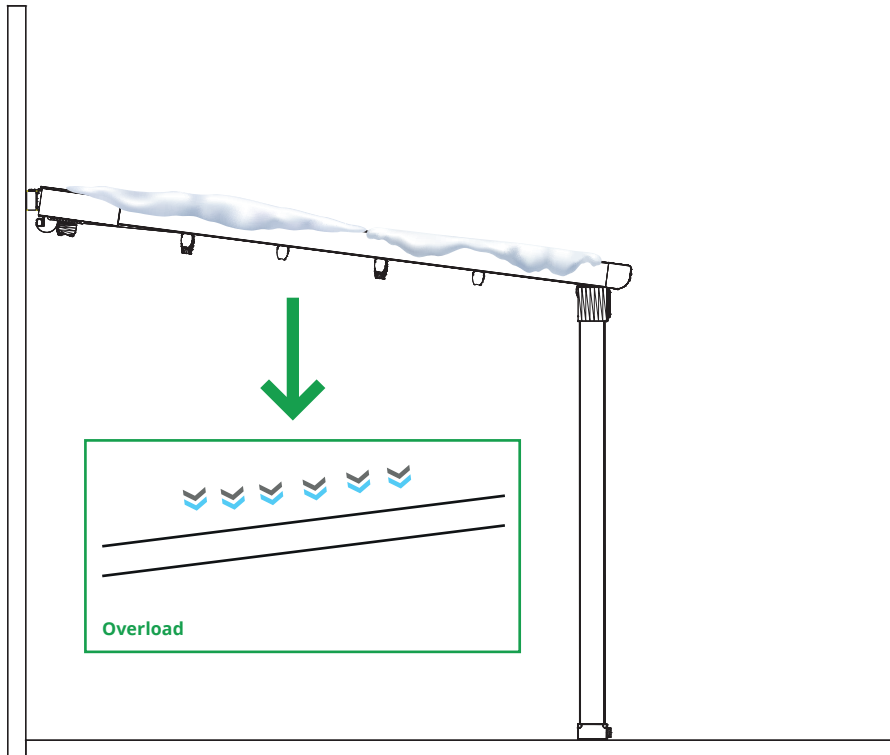

Explain

In case of insufficient profile section designs, bending may occur in large projects.

Classic Pergola

High load capacity

In large projections, Sunset replaces the carrier profiles and offers the customer a product with a higher load capacity.

Advantage?

Not affected by high snow and other loads.

High Quality Components

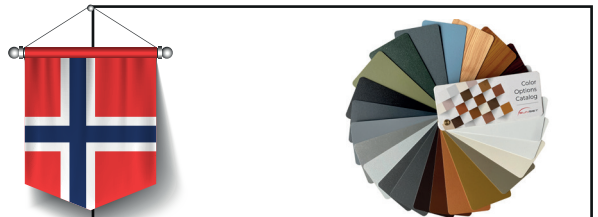

Cheap Components

Other companies design and sell products using standard inexpensive parts. These products, which are very low in quality, lose their working form in a short time.

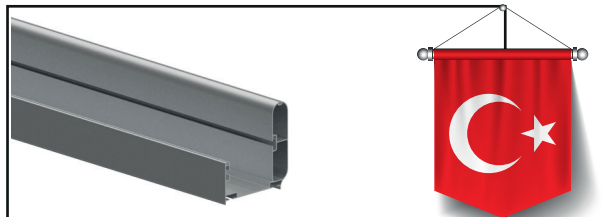

Every part of the product is from the best in the world

Powder Coat

NORWAY **JOTUN**
