# Useless rail design

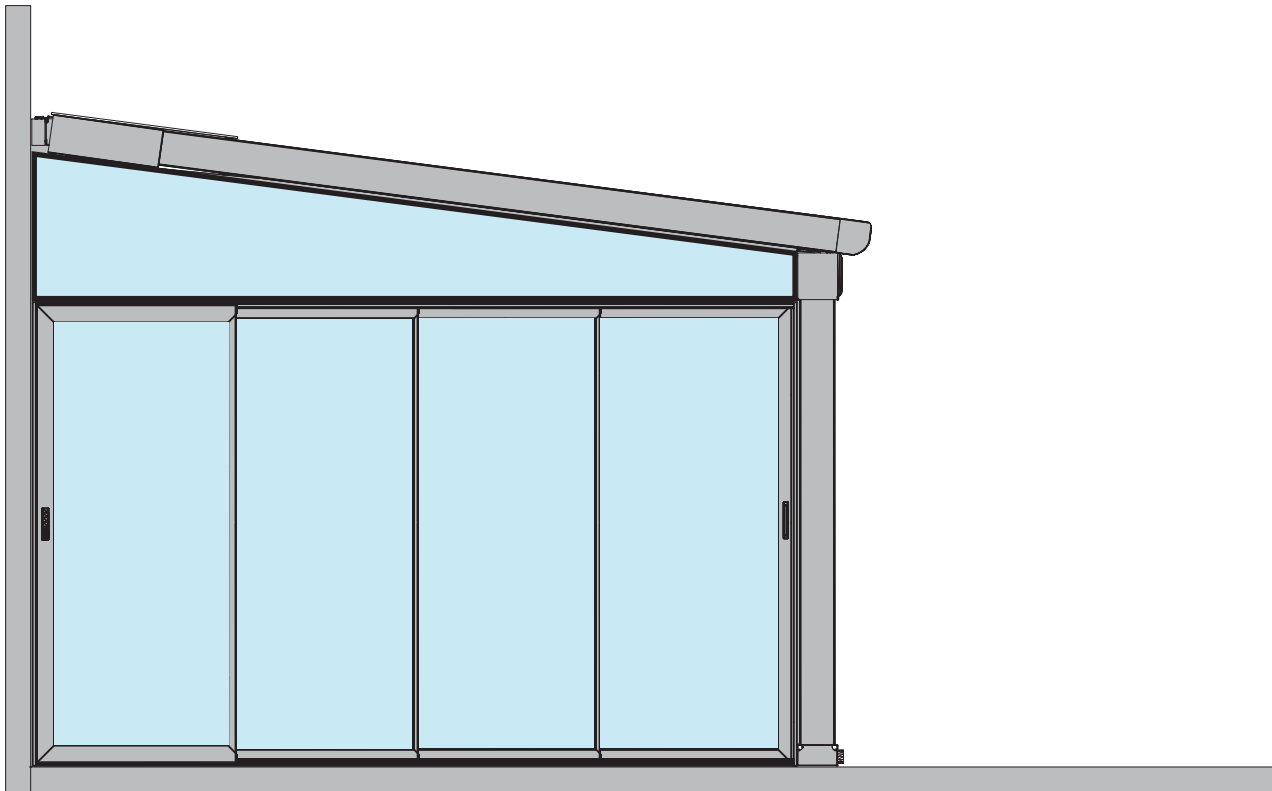

## Explain

In projects with large glass panels, ease of movement is an important detail.

# Sliding Glass

## Rail Design

Specially designed rails provide ease of movement to the glass panels in the opening and closing directions.

Specially  
Designed  
Rail Profile

## Advantage?

Quickly opening and closing, easy movement that does not require much power.

# Secure Lock System

Explain

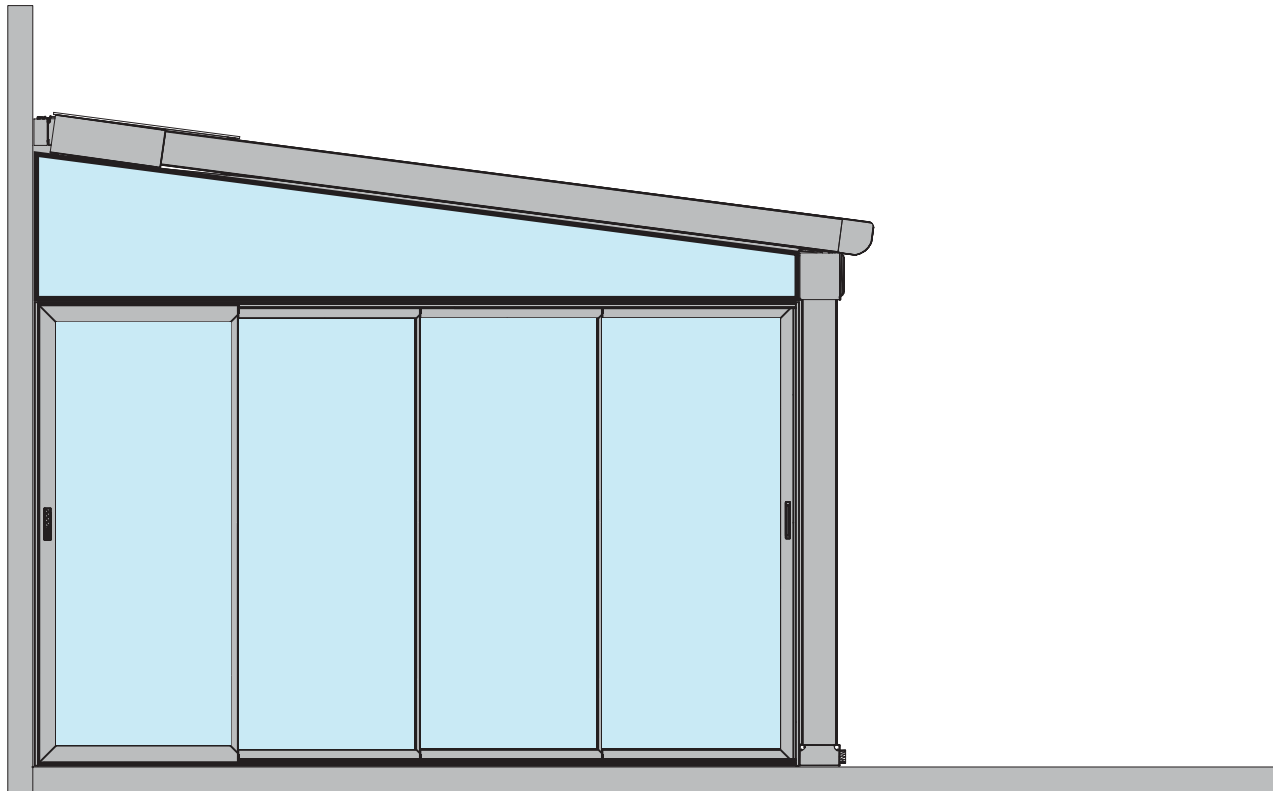

With two types of high-quality lock systems now is safer than ever.

# Sliding Glass

Multiple choice

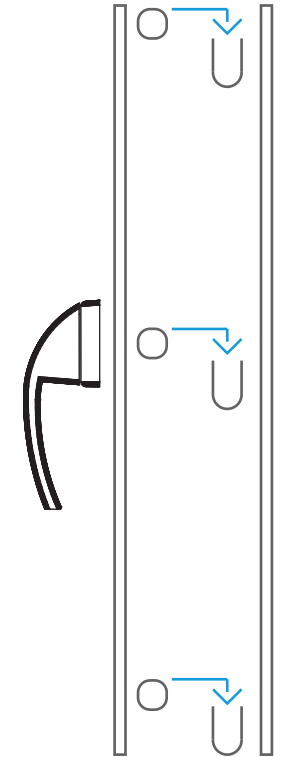

From our companies catalog, you can choose one of the glass configuration.

Elegant Desinged  
Door Handle

Espagnolette  
Lock  
(3 point lock system)

Advantage?

You can apply one of the lock systems on which side you want.

# Not Happy Christmas ?!

## Explain

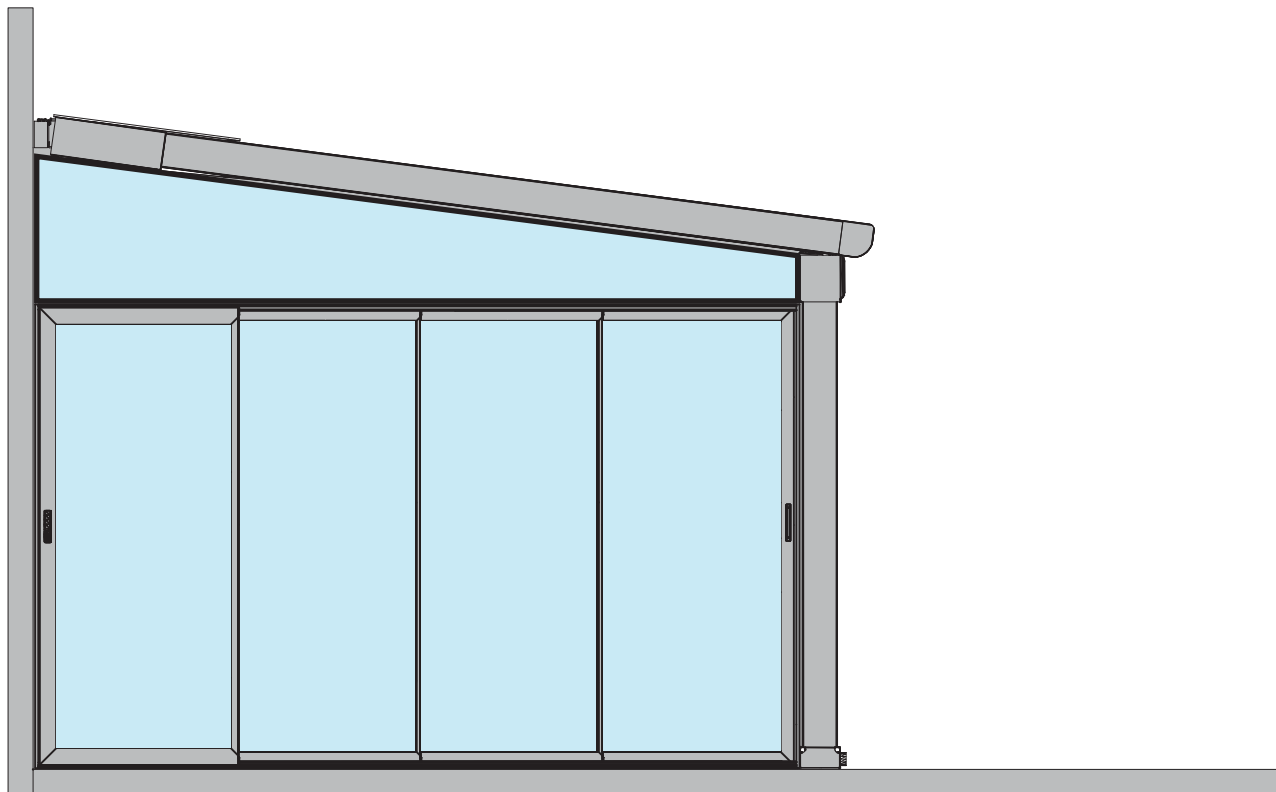

In alternative systems using thin glass, there may be heat loss because there is air leakage in the interior.

# Sliding Glass

## Thermo solutions

With the 18 mm double glass choice our sliding glass is the perfect solution against different weather conditions.

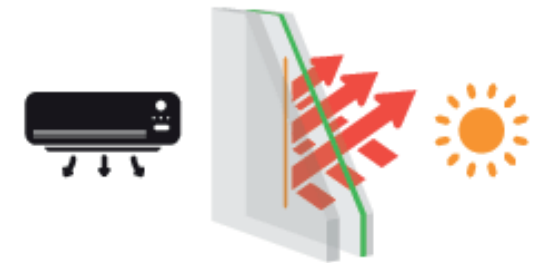

System  
Inside

System  
Outside

System  
Inside

System  
Outside

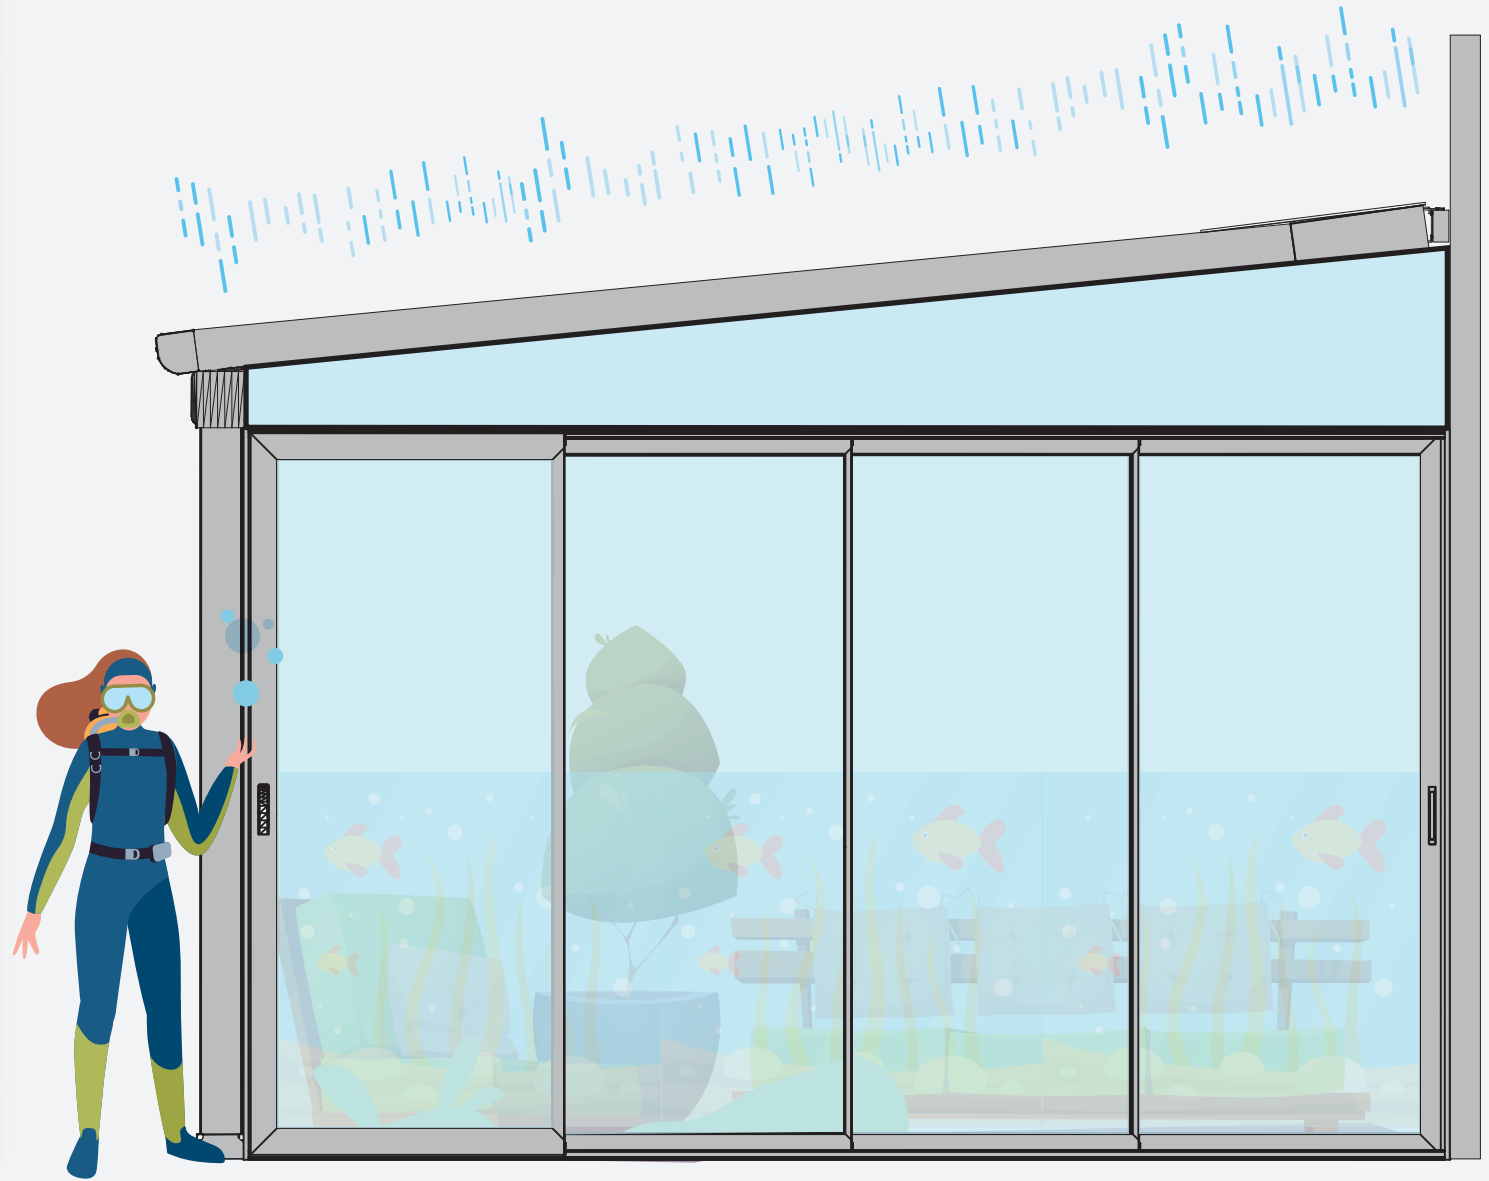

Advantage?

It is not affected by high temperature difference.

**Winter  
Garden or  
aquarium?**

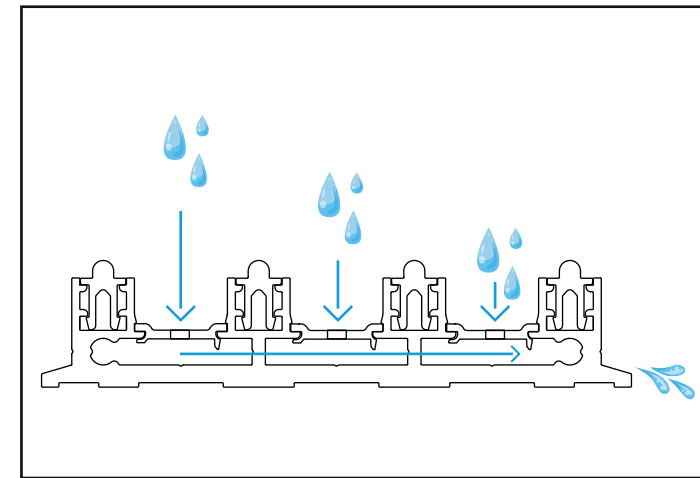

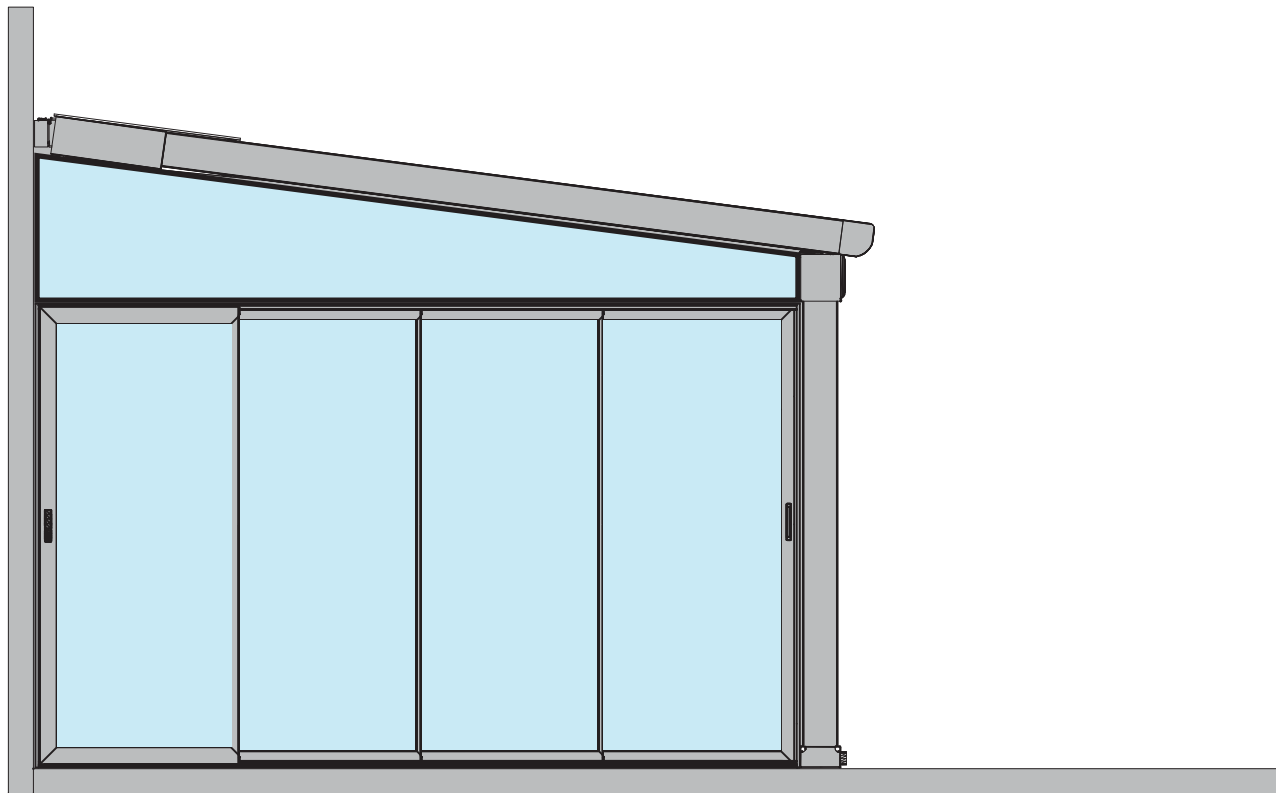

**Water  
Draining...**

# Sliding Glass

## Draining System

With the special water drainage design on the rails, no water accumulates in the interior. The water in the system drains outward.

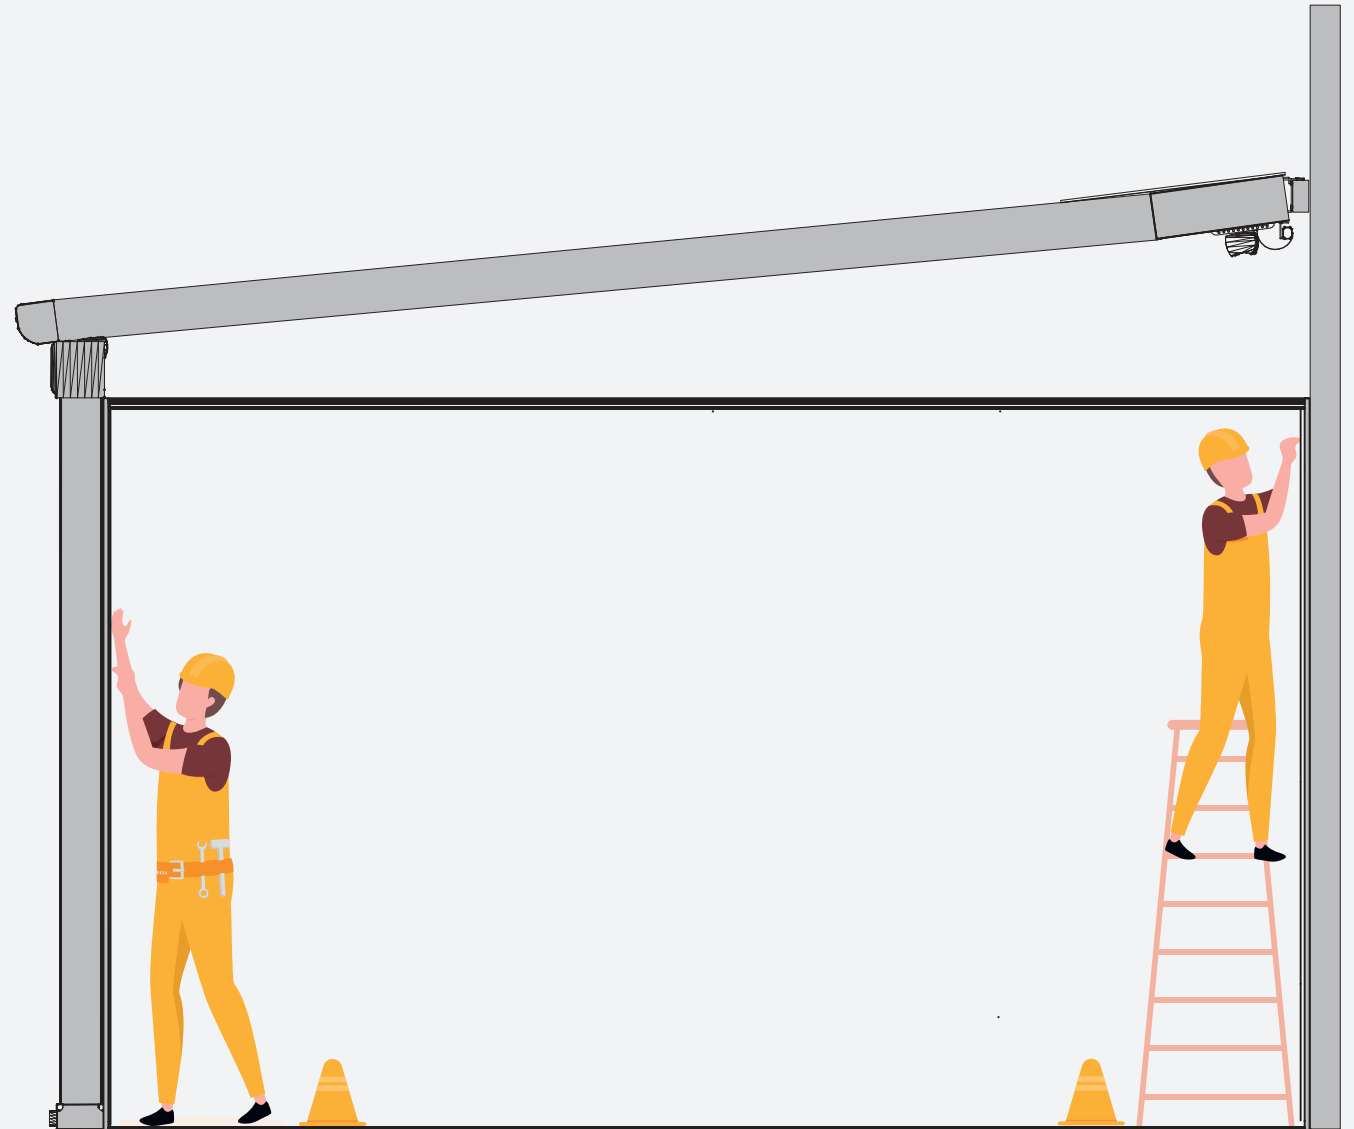

Draining System in the Rails

Advantage?

A perfect solution against heavy rain.

**Did you  
know that  
Pergola  
can only  
be installed  
in 5 steps.**

**For 4x2 m  
example  
product,  
total  
installation  
time  
approximately  
2 hours.**

**There are  
always will  
be broken  
promises.**

**Ask for the  
documents...**

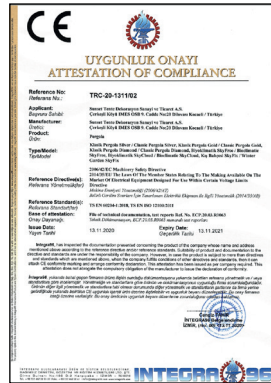

# Welcome to the SUNSET library

For every SUNSET PERGOLA product, we can present, presentation catalogs, qualification certificates (for each part & general system), technical datasheet, static reports, and installation guides. Day by day we improve our documental database. Sunset is one of the biggest companies, their professional team behind our documental development.
