SUPPORT

Customer
Support

Other companies offer you little variety of products.

Explain

If you want to buy a classic pergola from other companies, they will offer you fewer types of system design.

ZipScreen

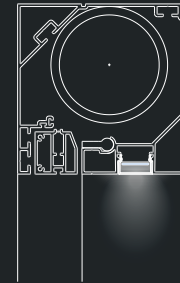

Multiple choice

From our companies catalog, you can choose one of the ZipScreen types.

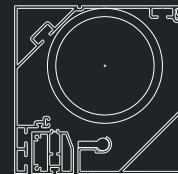

Advantage?

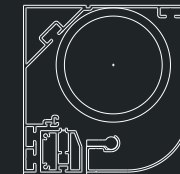

Customers can choose a suitable ZipScreen configuration for the ambient.

Top box profile with LED lighting

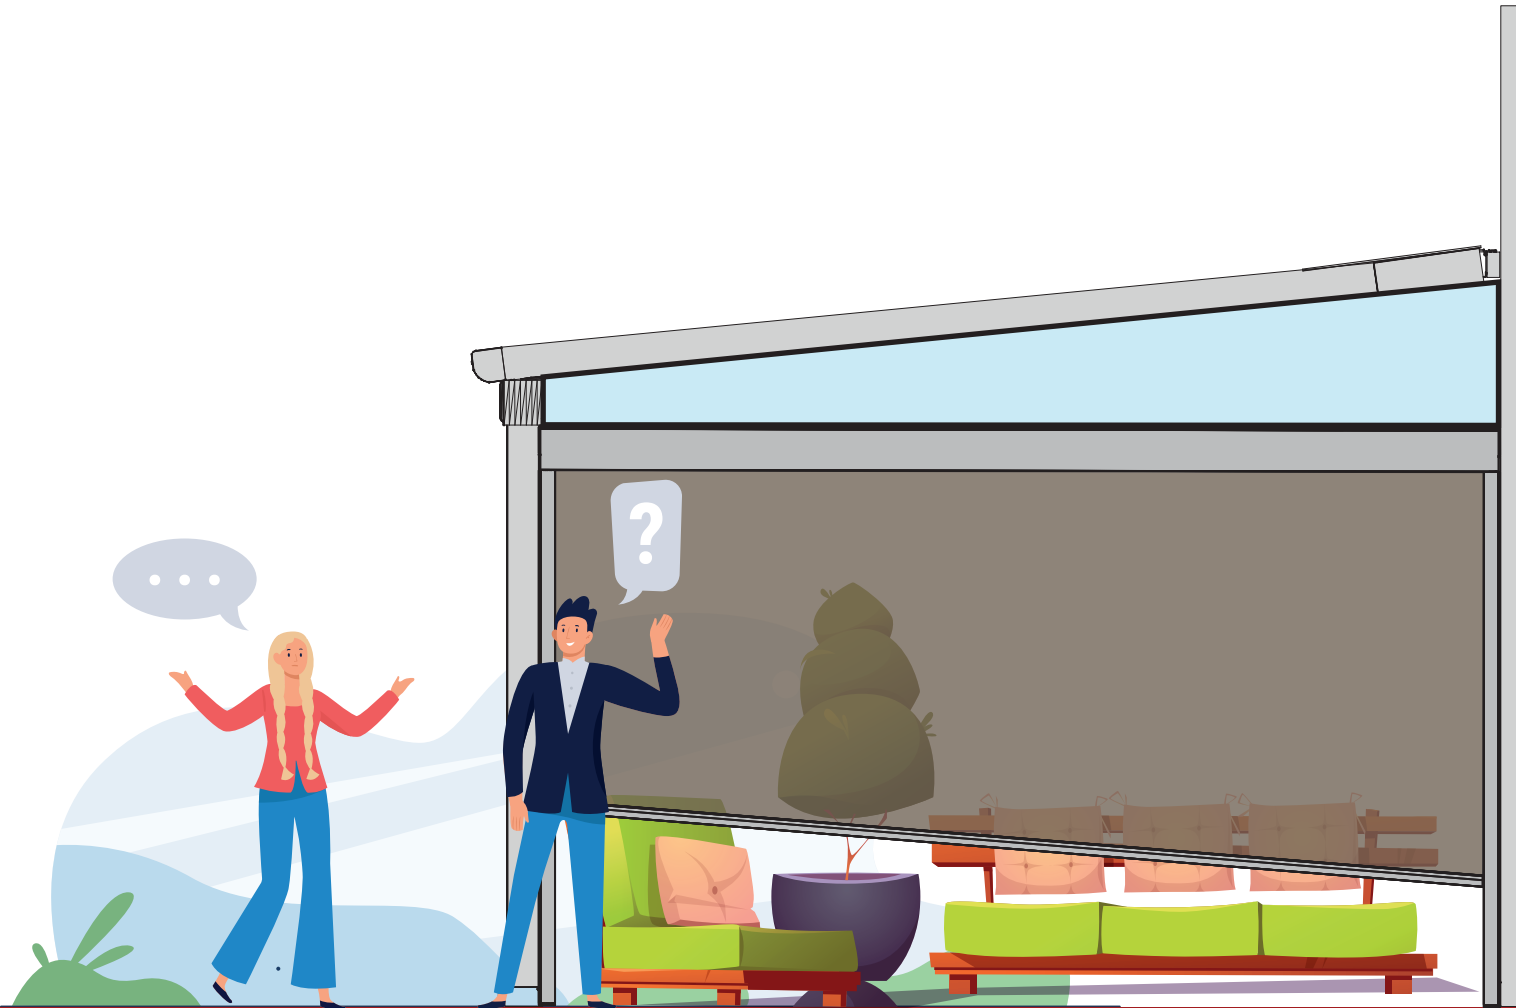

Standart top box profile

Oval top box profile

Useless rail design

Explain

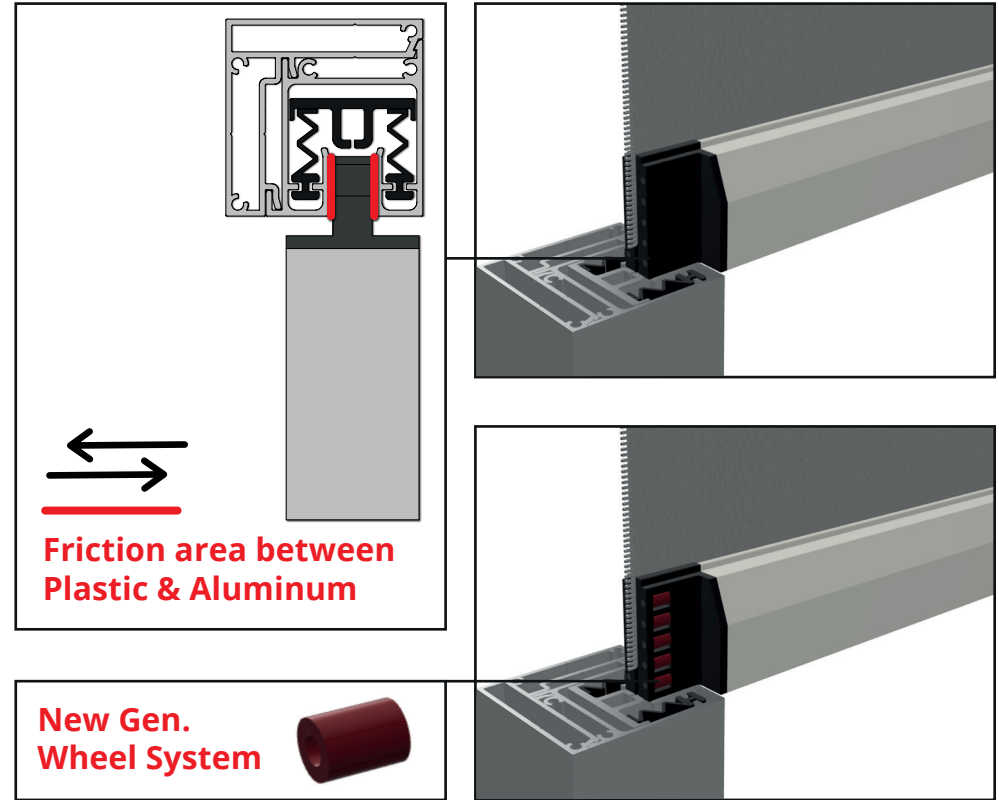

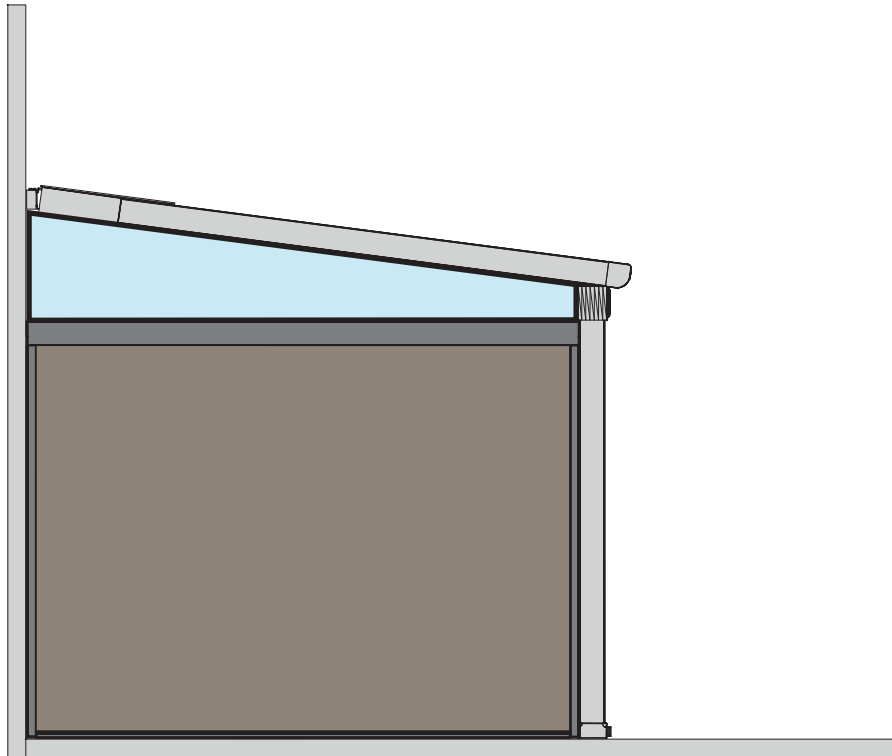

In projects with large dimension, ease of movement is an important detail.

ZipScreen

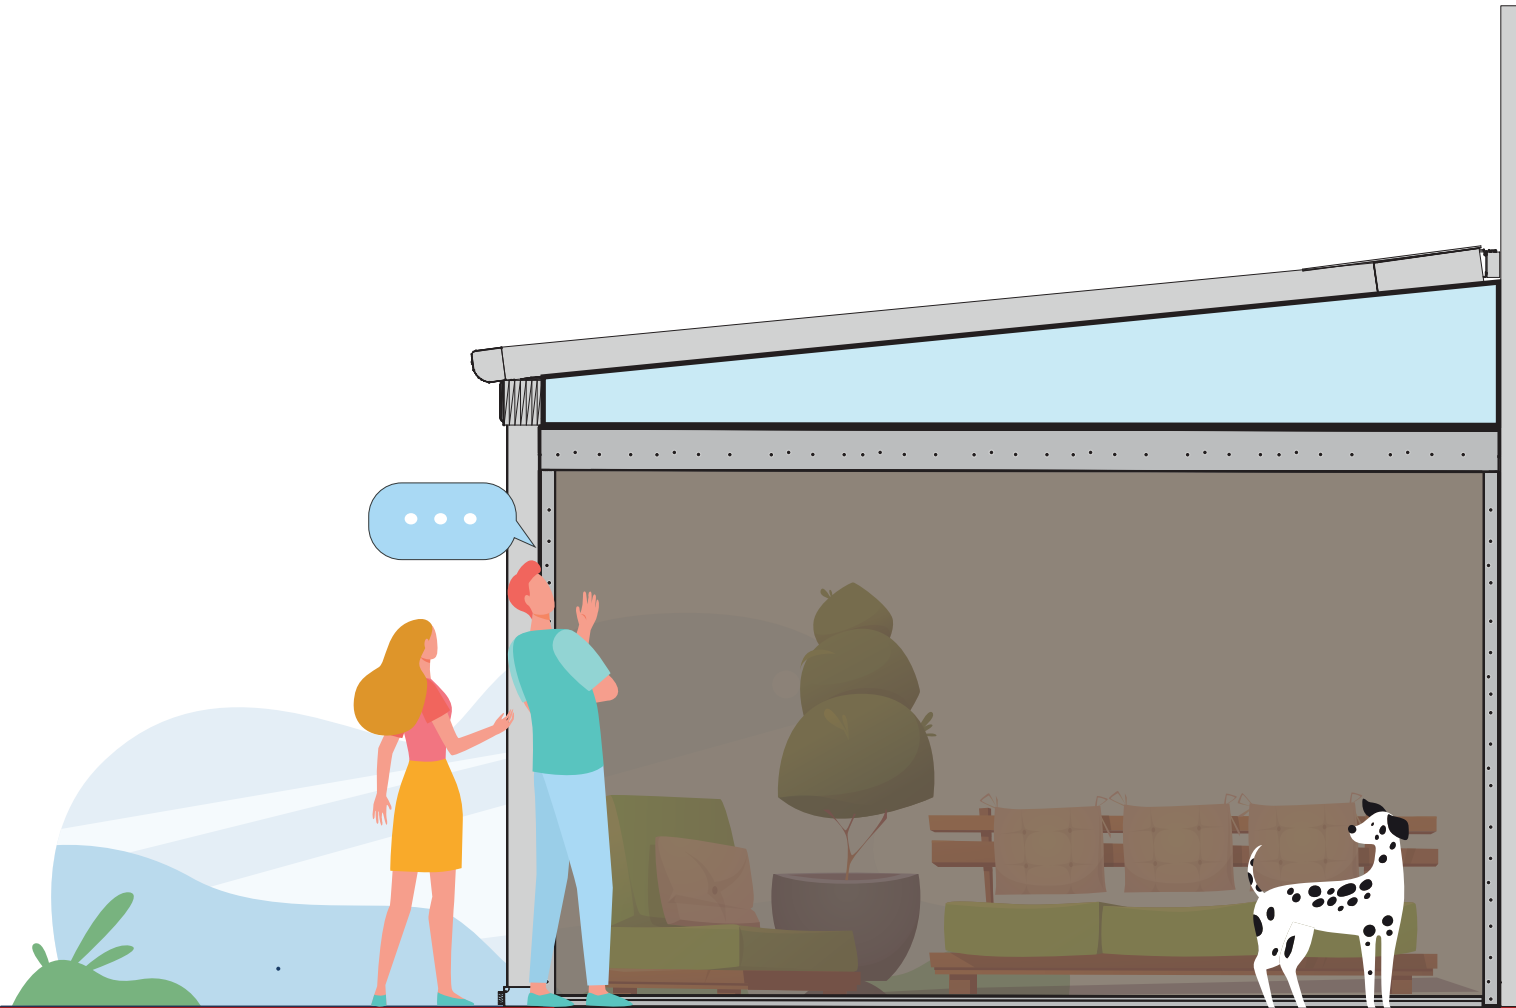

Wheels

With the specially designed wheel system, the movement of the carrier profile becomes more convenient. The system opens and closes easily.

Advantage?

Not affected by high wind and other loads.

Dalmation system?!

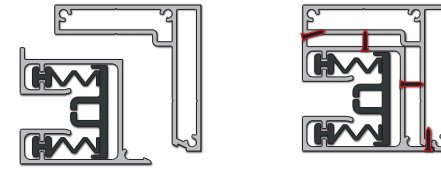

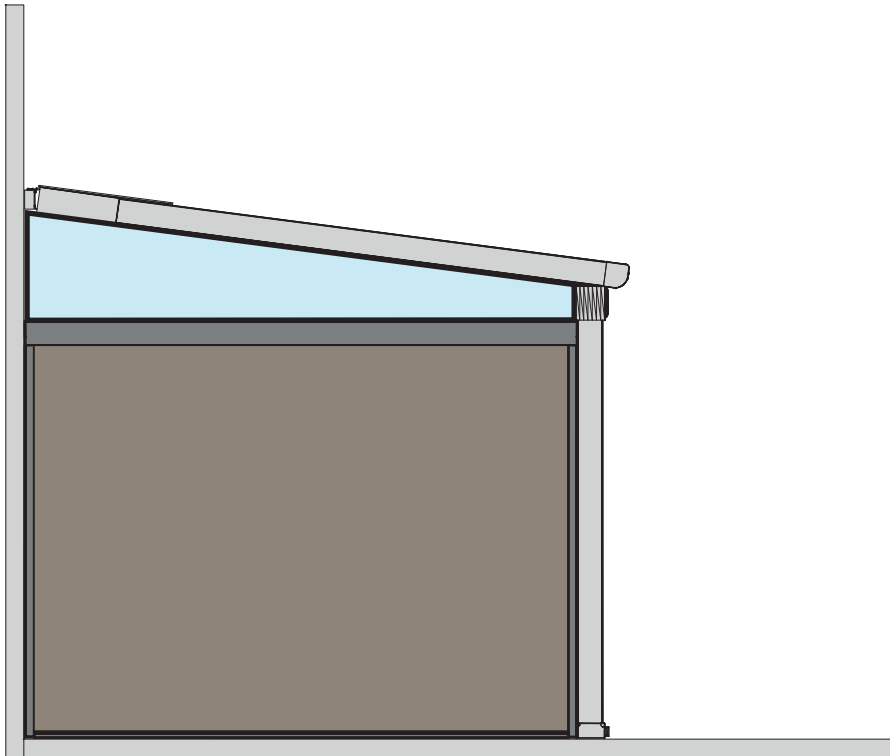

Explain

If a large number of screws are used in the system, a strange appearance will occur.

ZipScreen

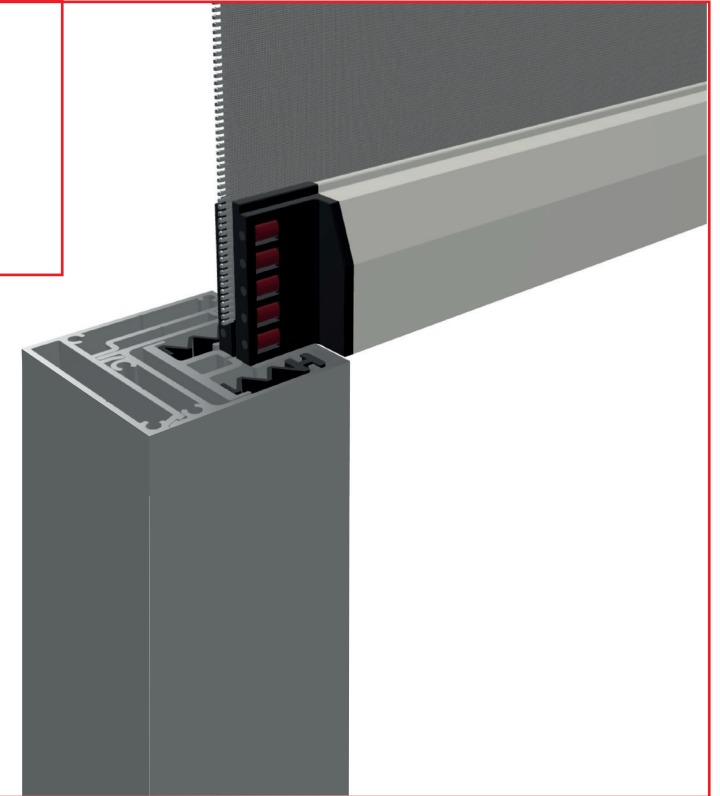

Connection

Post profiles can be mounted to the other profile without using fasteners with specially designed clamping teeth as shown above.

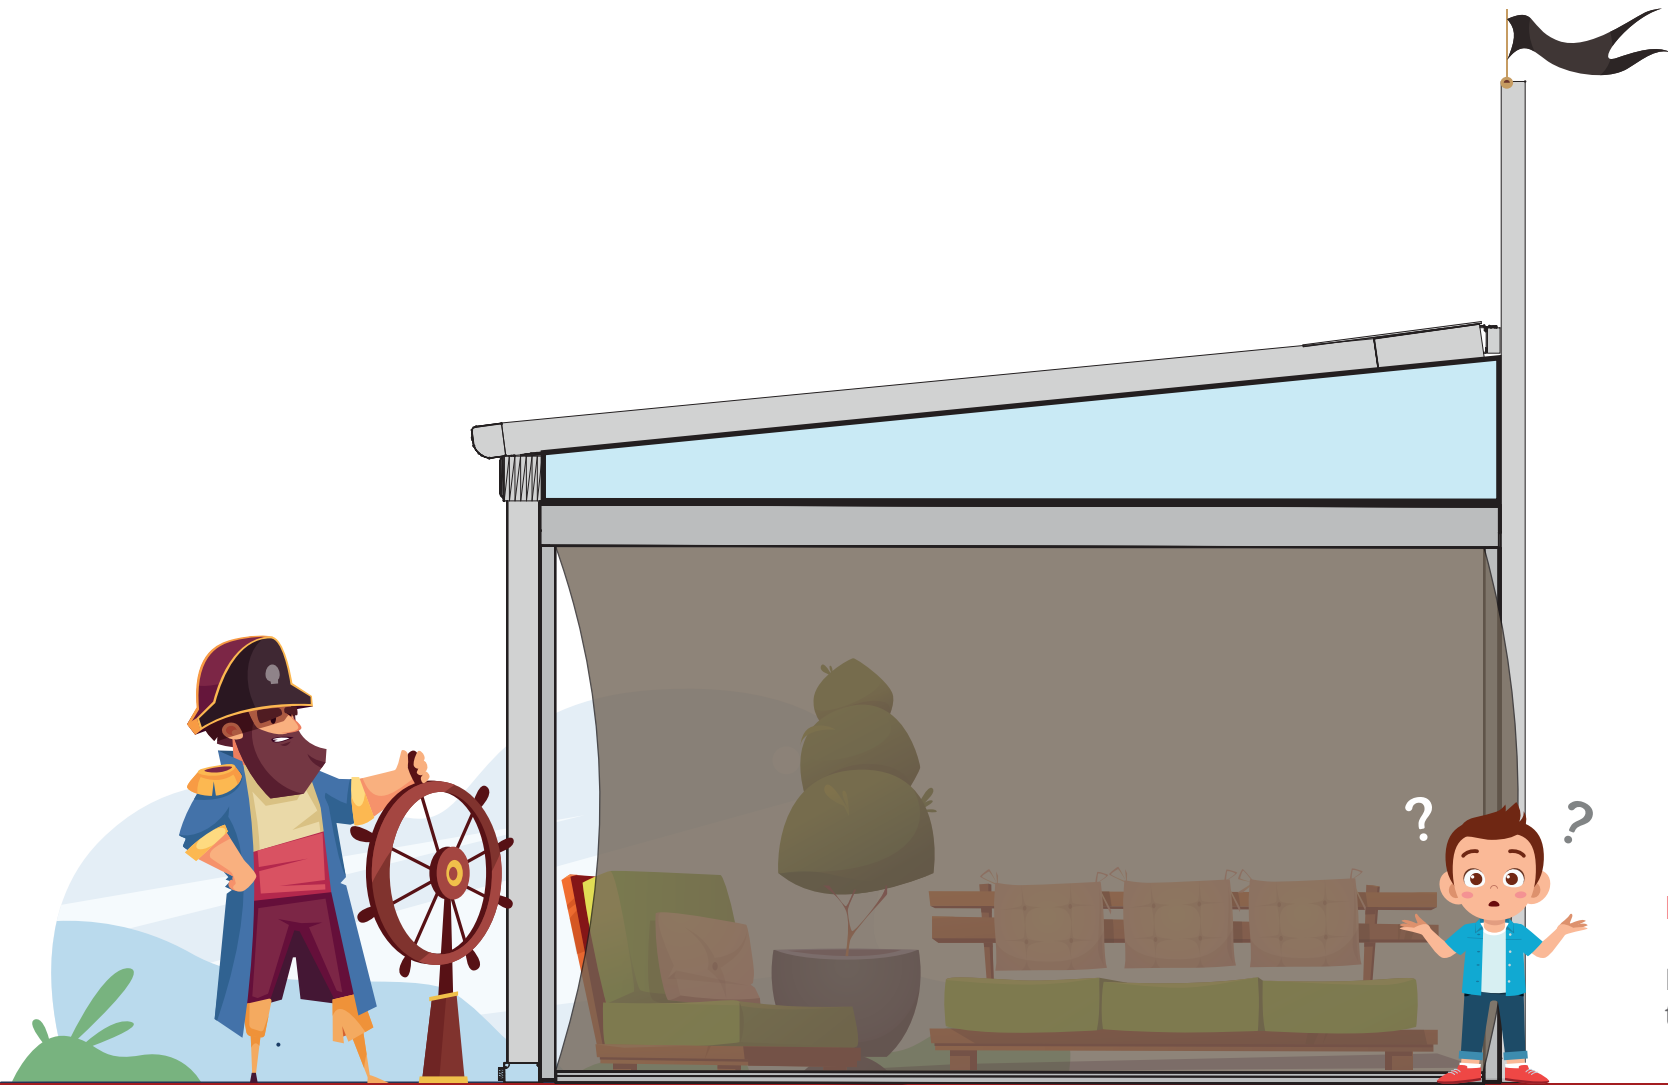

Standard old type design example

New, interlocking design that does not require fasteners

Advantage?

As fewer fasteners are used, a more ergonomic image emerges.

Sail or ZipScreen?

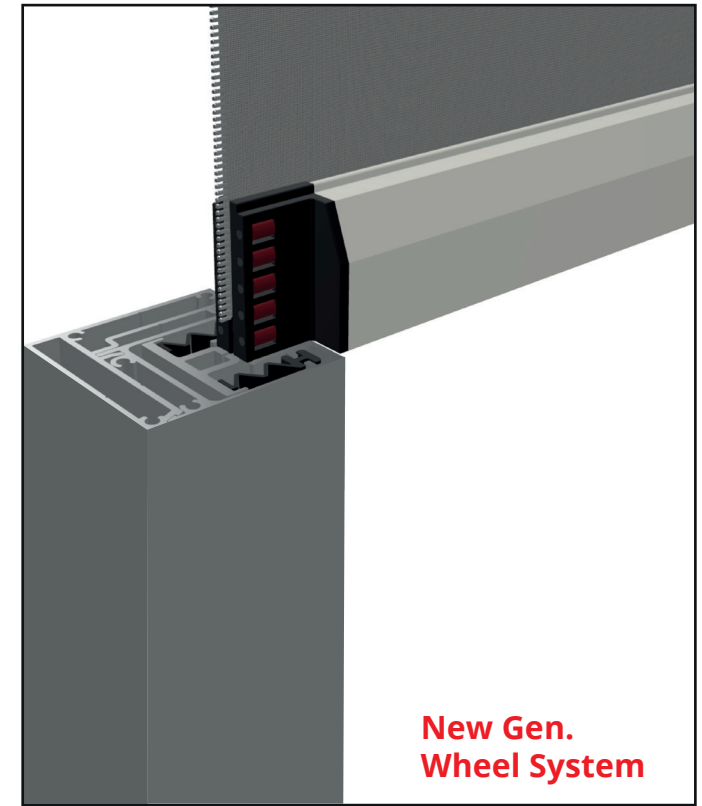

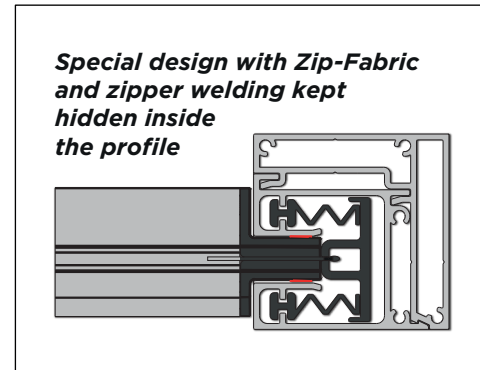

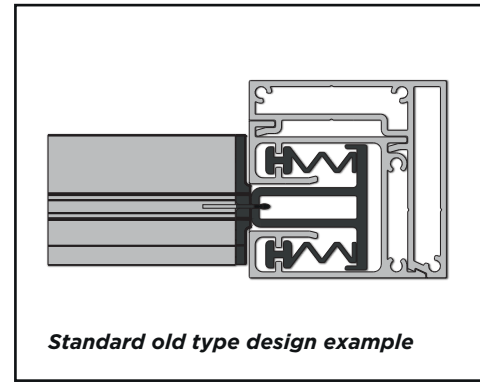

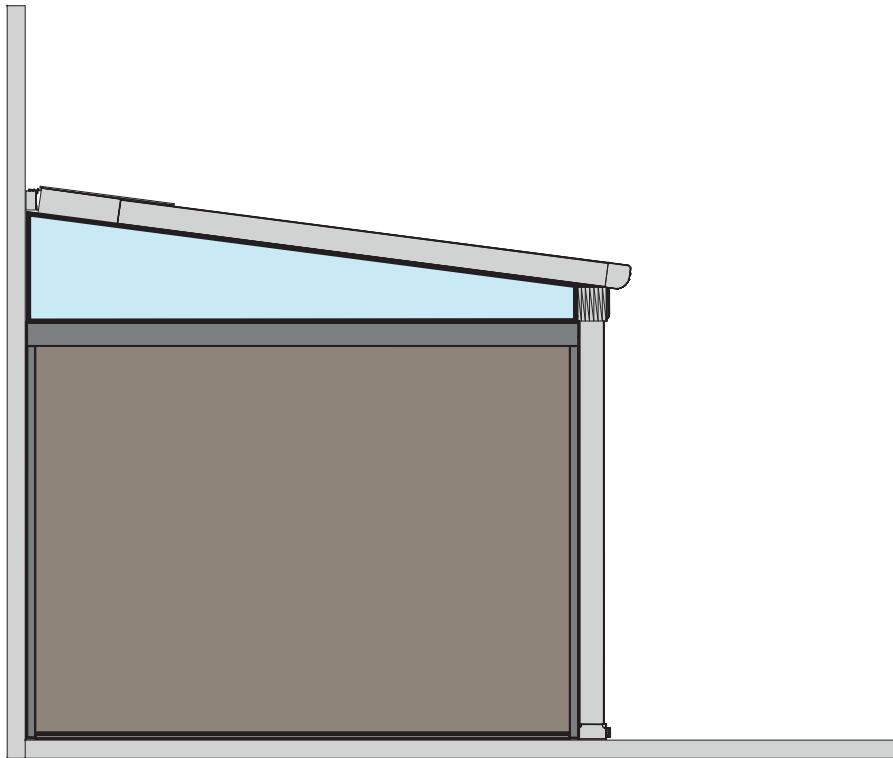

Explain

In other systems under the influence of high wind, the fabric breaks at the attachment points.

ZipScreen

Zipper

The zipper is concealed welded and hidden inside the frame profiles. It is not visible from the outside after the assembly is completed.

Advantage?

A system that can withstand harsh weather conditions.

In other systems, balloons burst

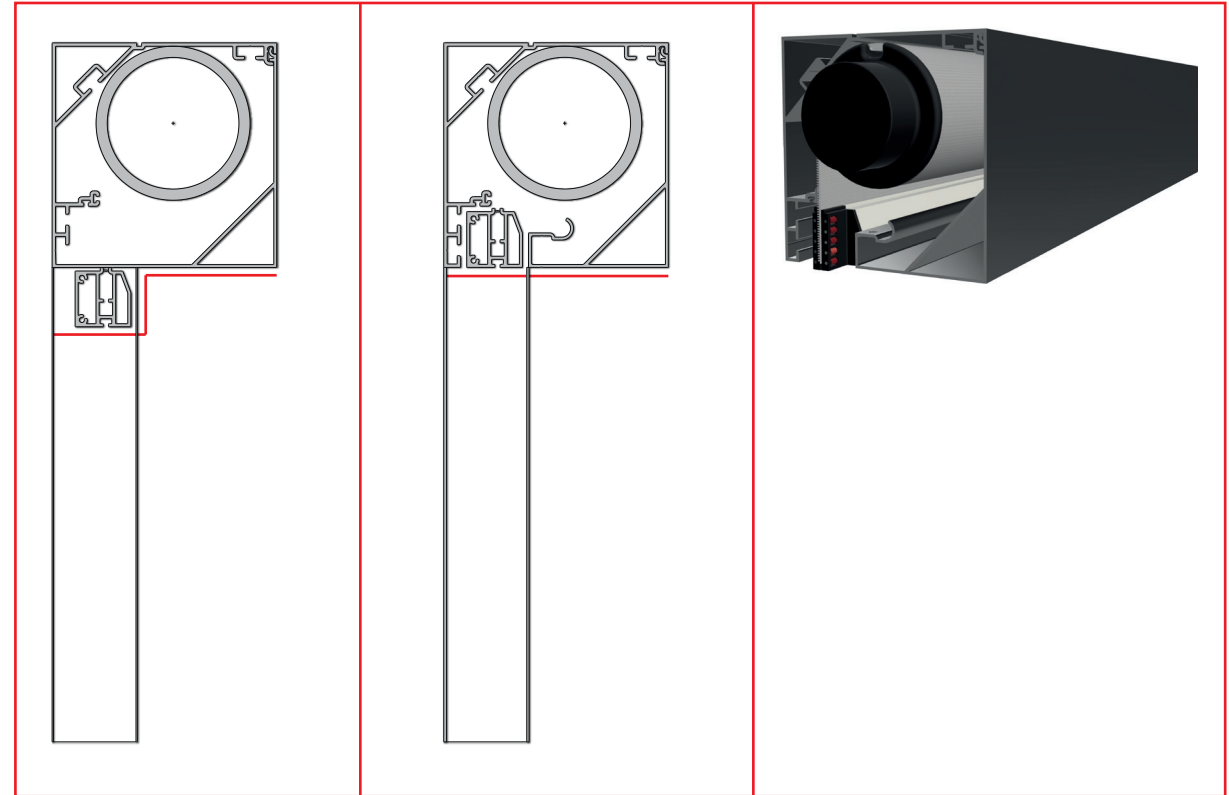

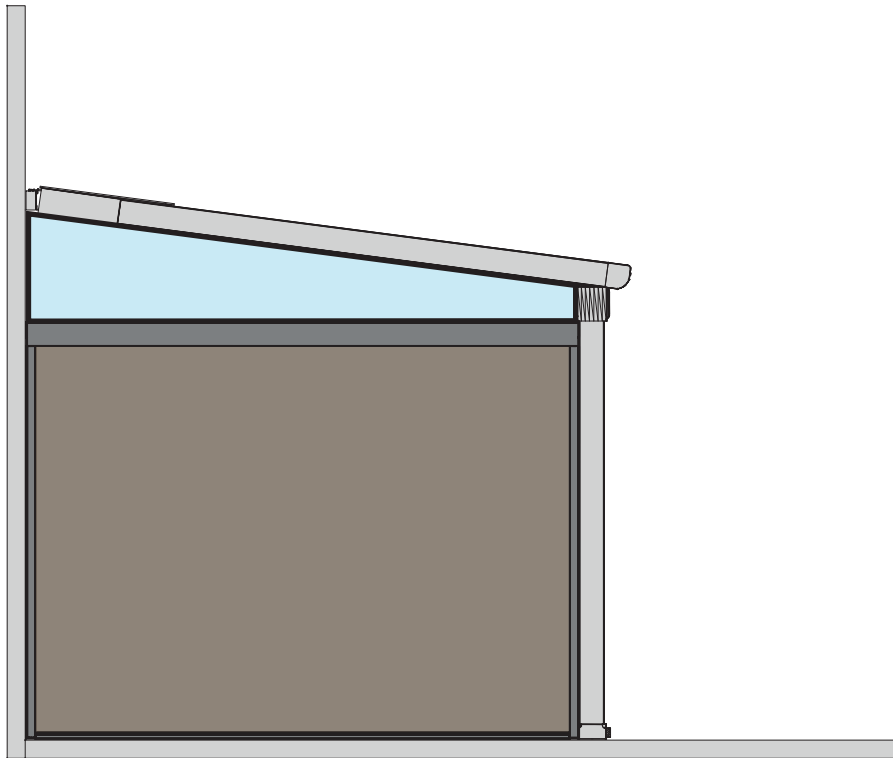

Explain

In standard zip systems, profiles may not close completely.

ZipScreen

Carrier profile

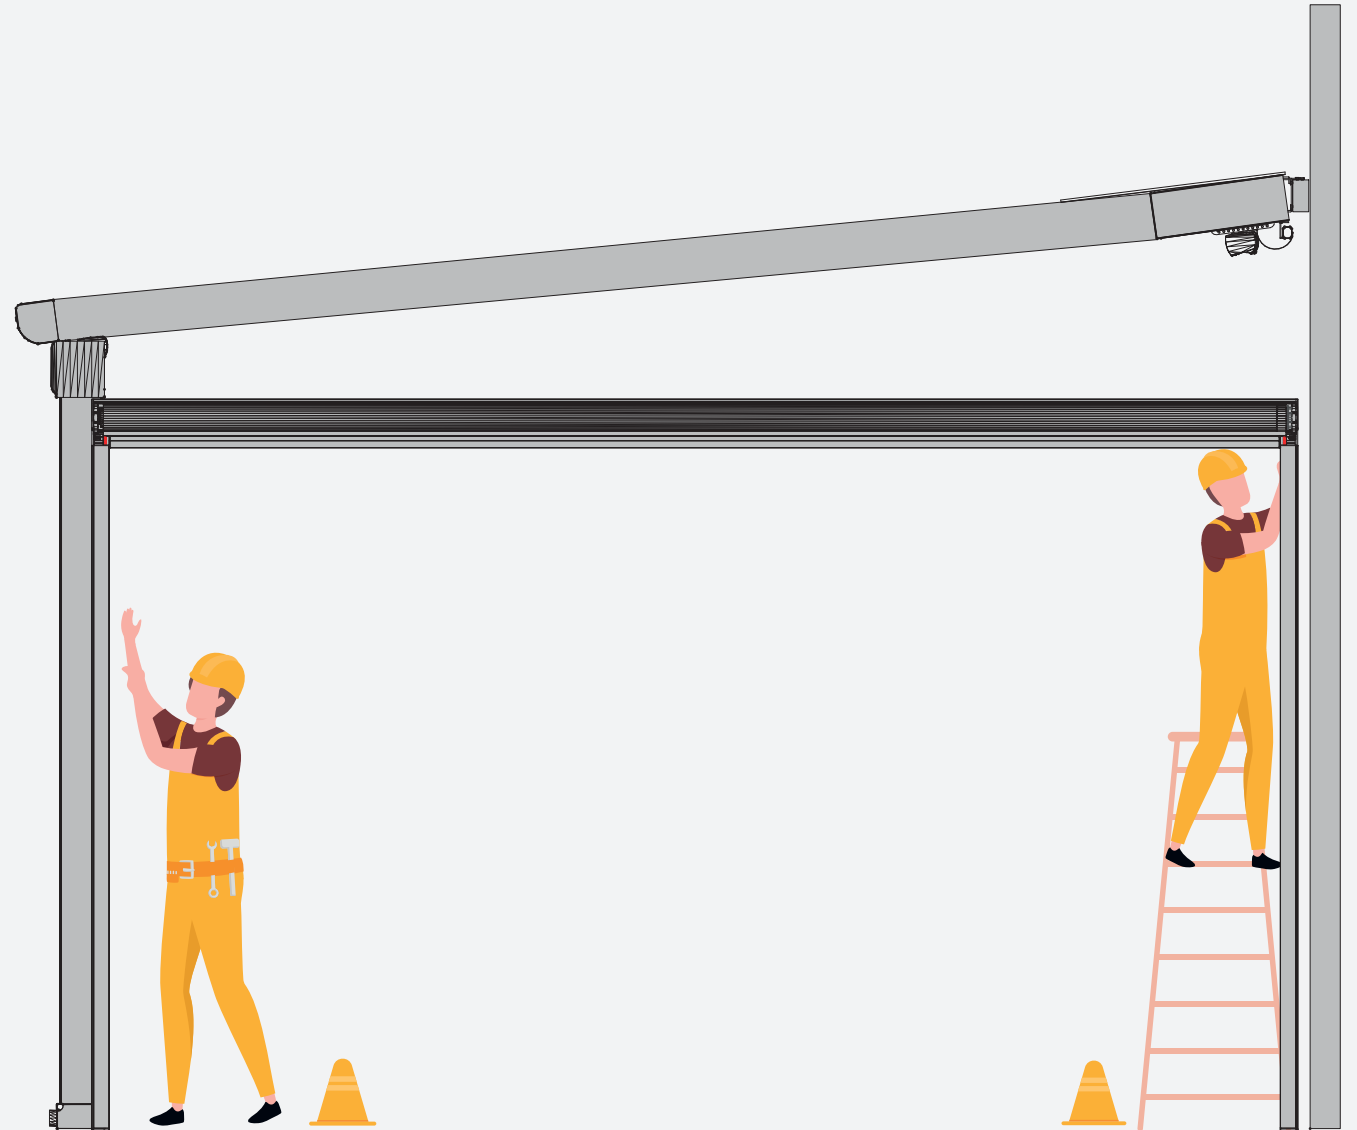

When the fabric box starts to gather into the profile, the carrier profile is also hidden in the box profile at the end.

Advantage?

When the system is opened, the carrier profile does not appear.

**Did you
know that
Pergola
can only
be installed
in 5 steps.**

**For 4x2 m
example
product,
total
installation
time
approximately
1,5 hours.**

**There are
always will
be broken
promises.**
