Customer  
Support

# Other companies offer you little variety of products.

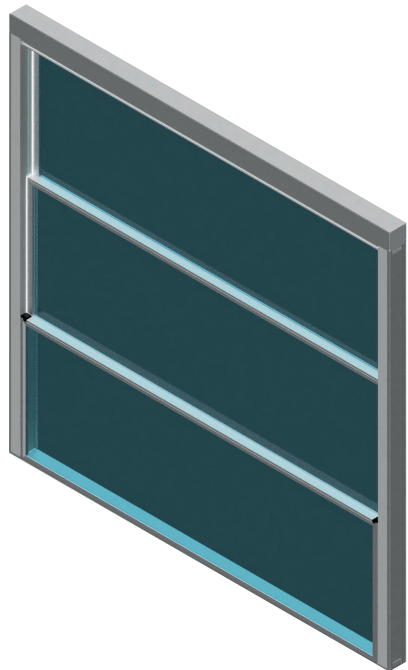

## Explain

If you want to buy a guillotine glass system from other companies, they will offer you fewer types of glass configuration.

# Verlass

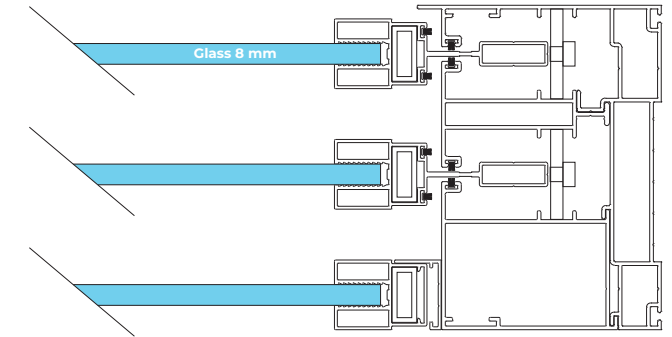

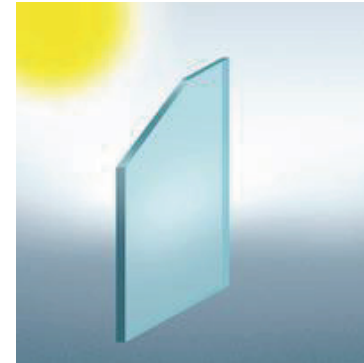

## Multiple choice

From our companies catalog, you can choose one of the Single & Double glass types.

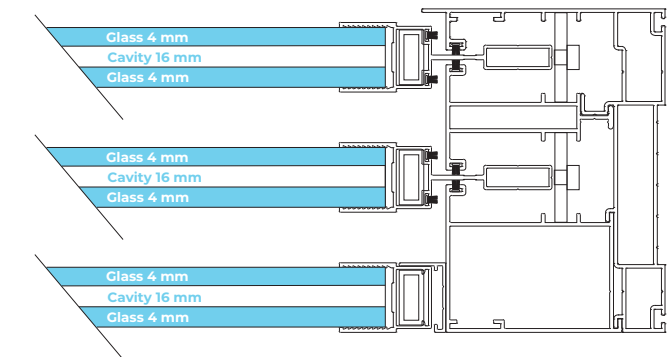

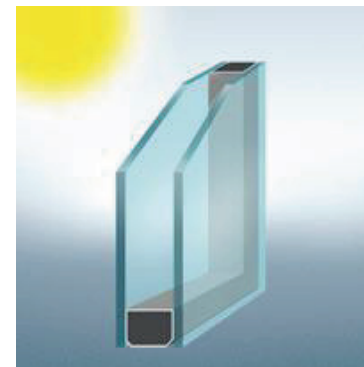

## Advantage?

Depending on the location, you can choose a weatherproof glass design.

**Single Glass - Albatro**

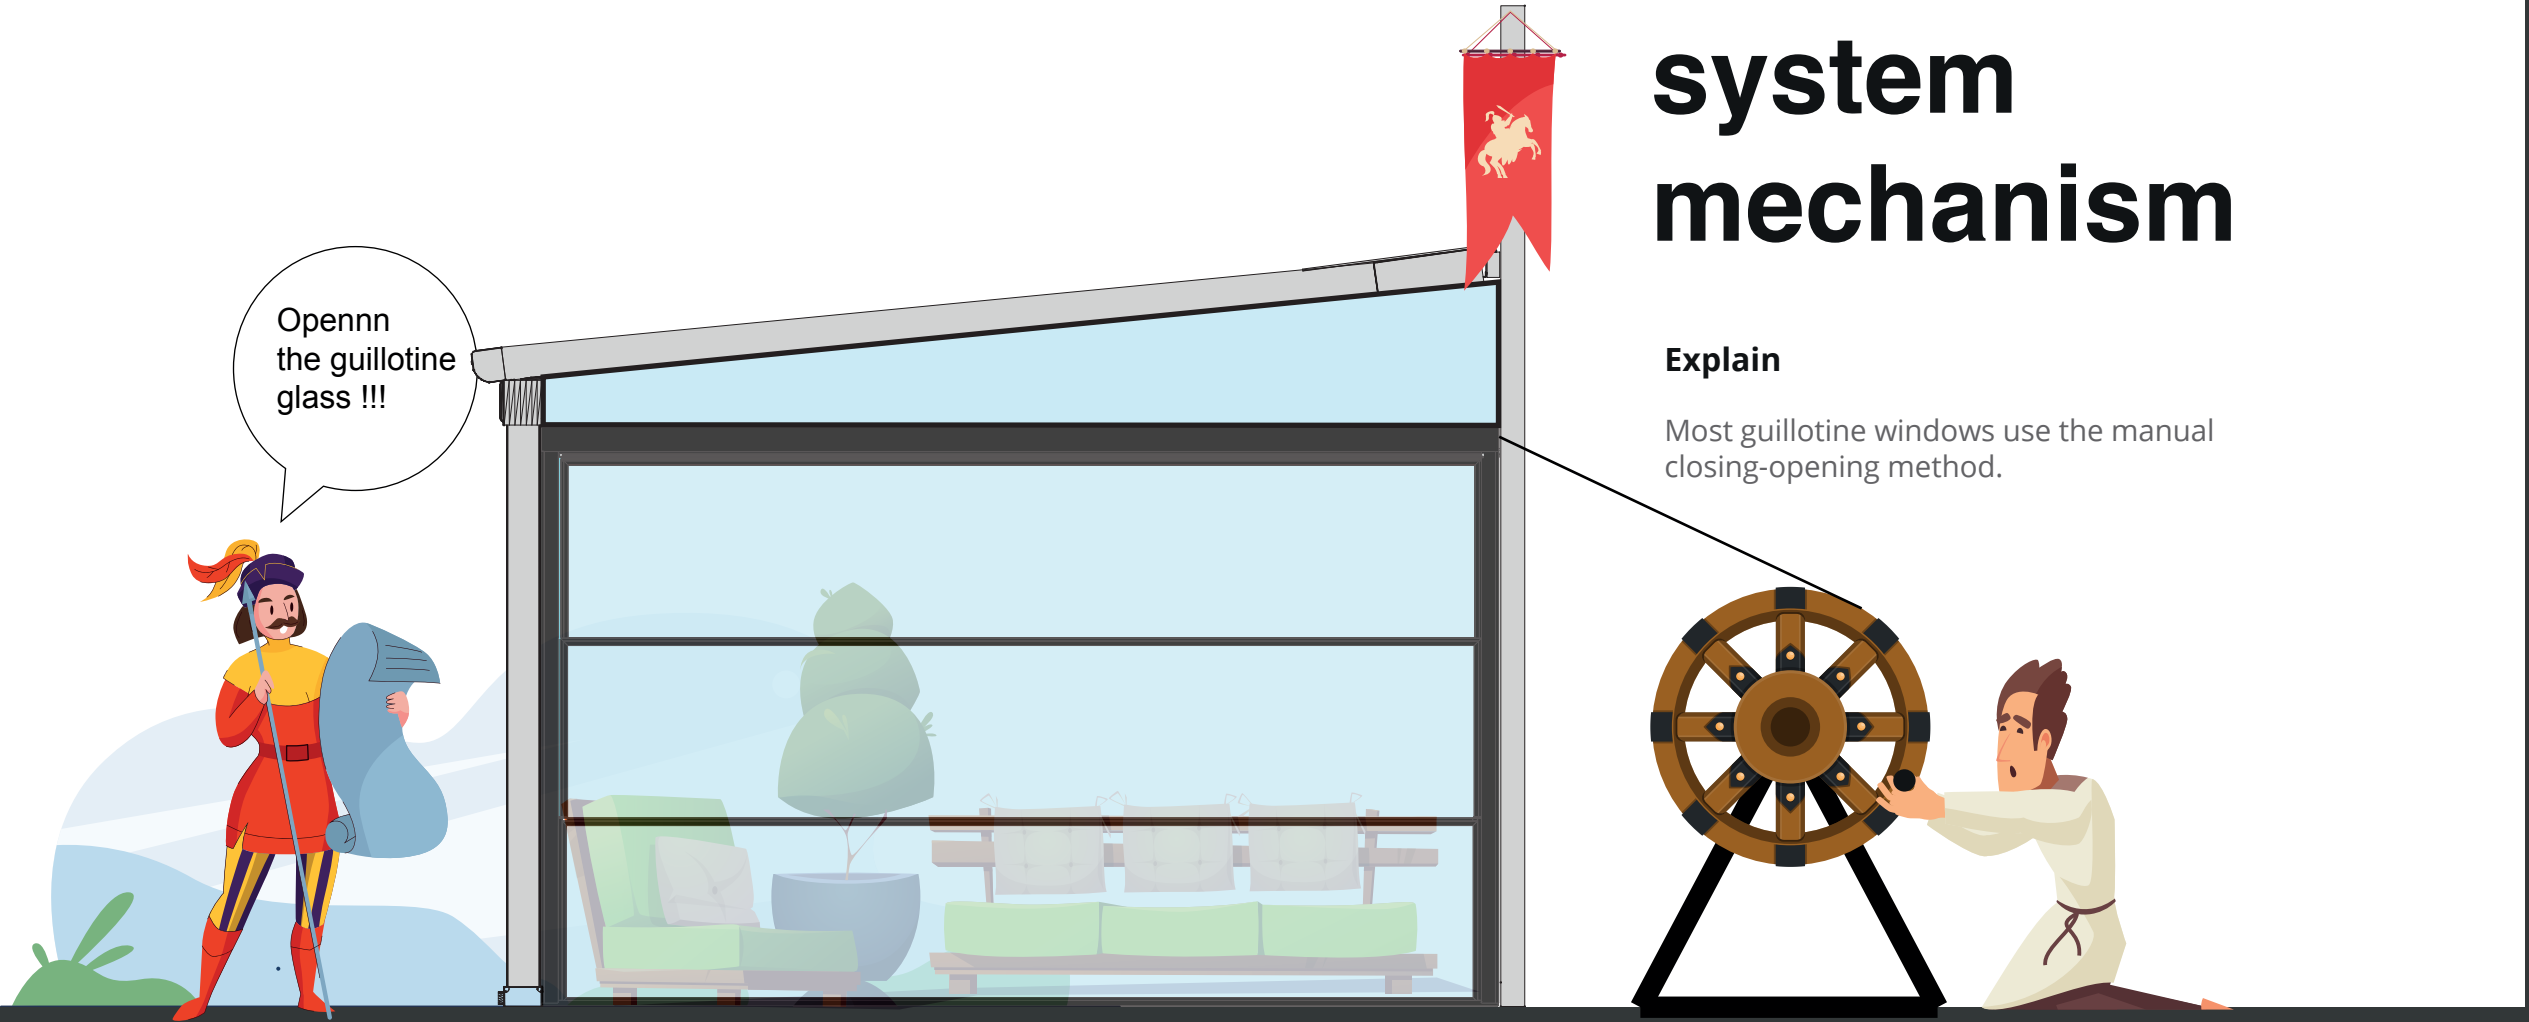

**Double Glass - Cormorano**

# Medieval system mechanism

Opennn  
the guillotine  
glass !!!

## Explain

Most guillotine windows use the manual  
closing-opening method.

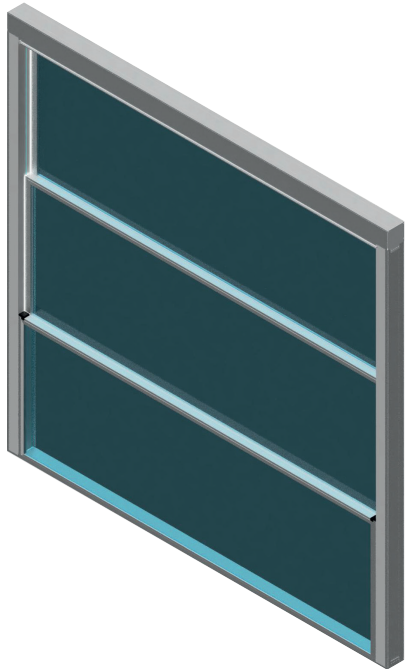

# Verlass

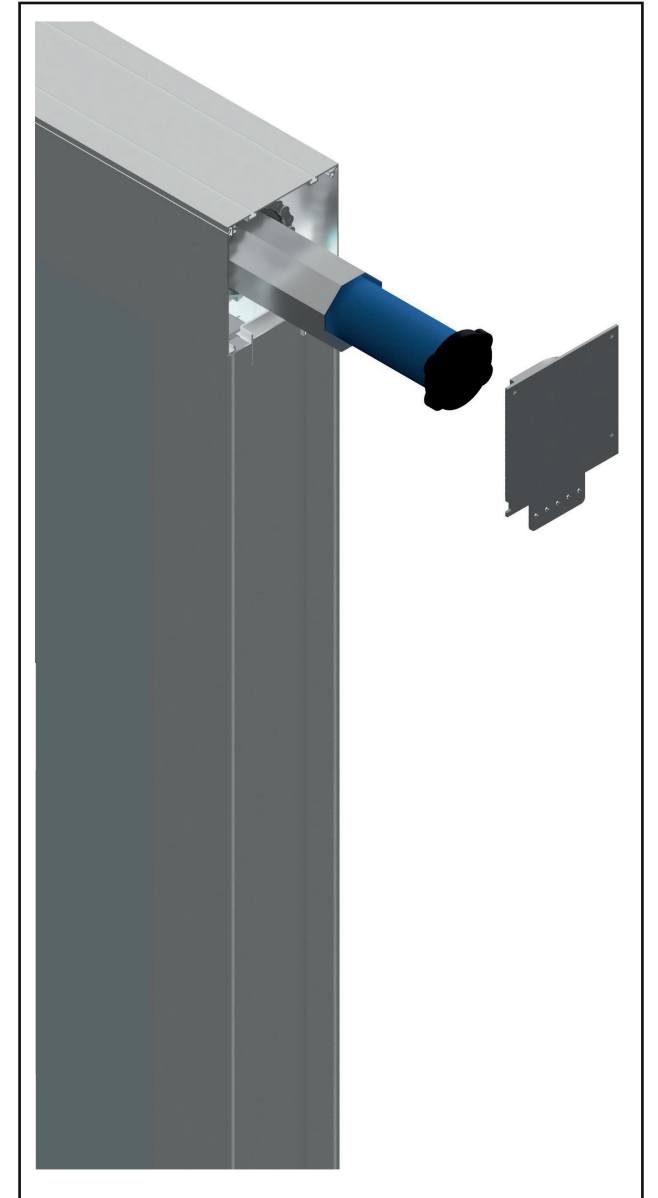

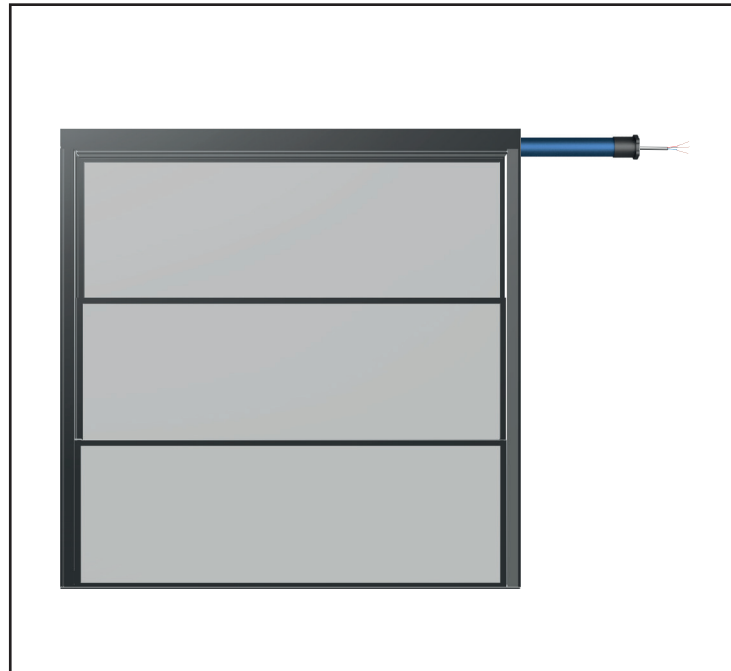

## Motorized System

The main movement trigger of our system is a high-quality SOMFY motor.

## Advantage?

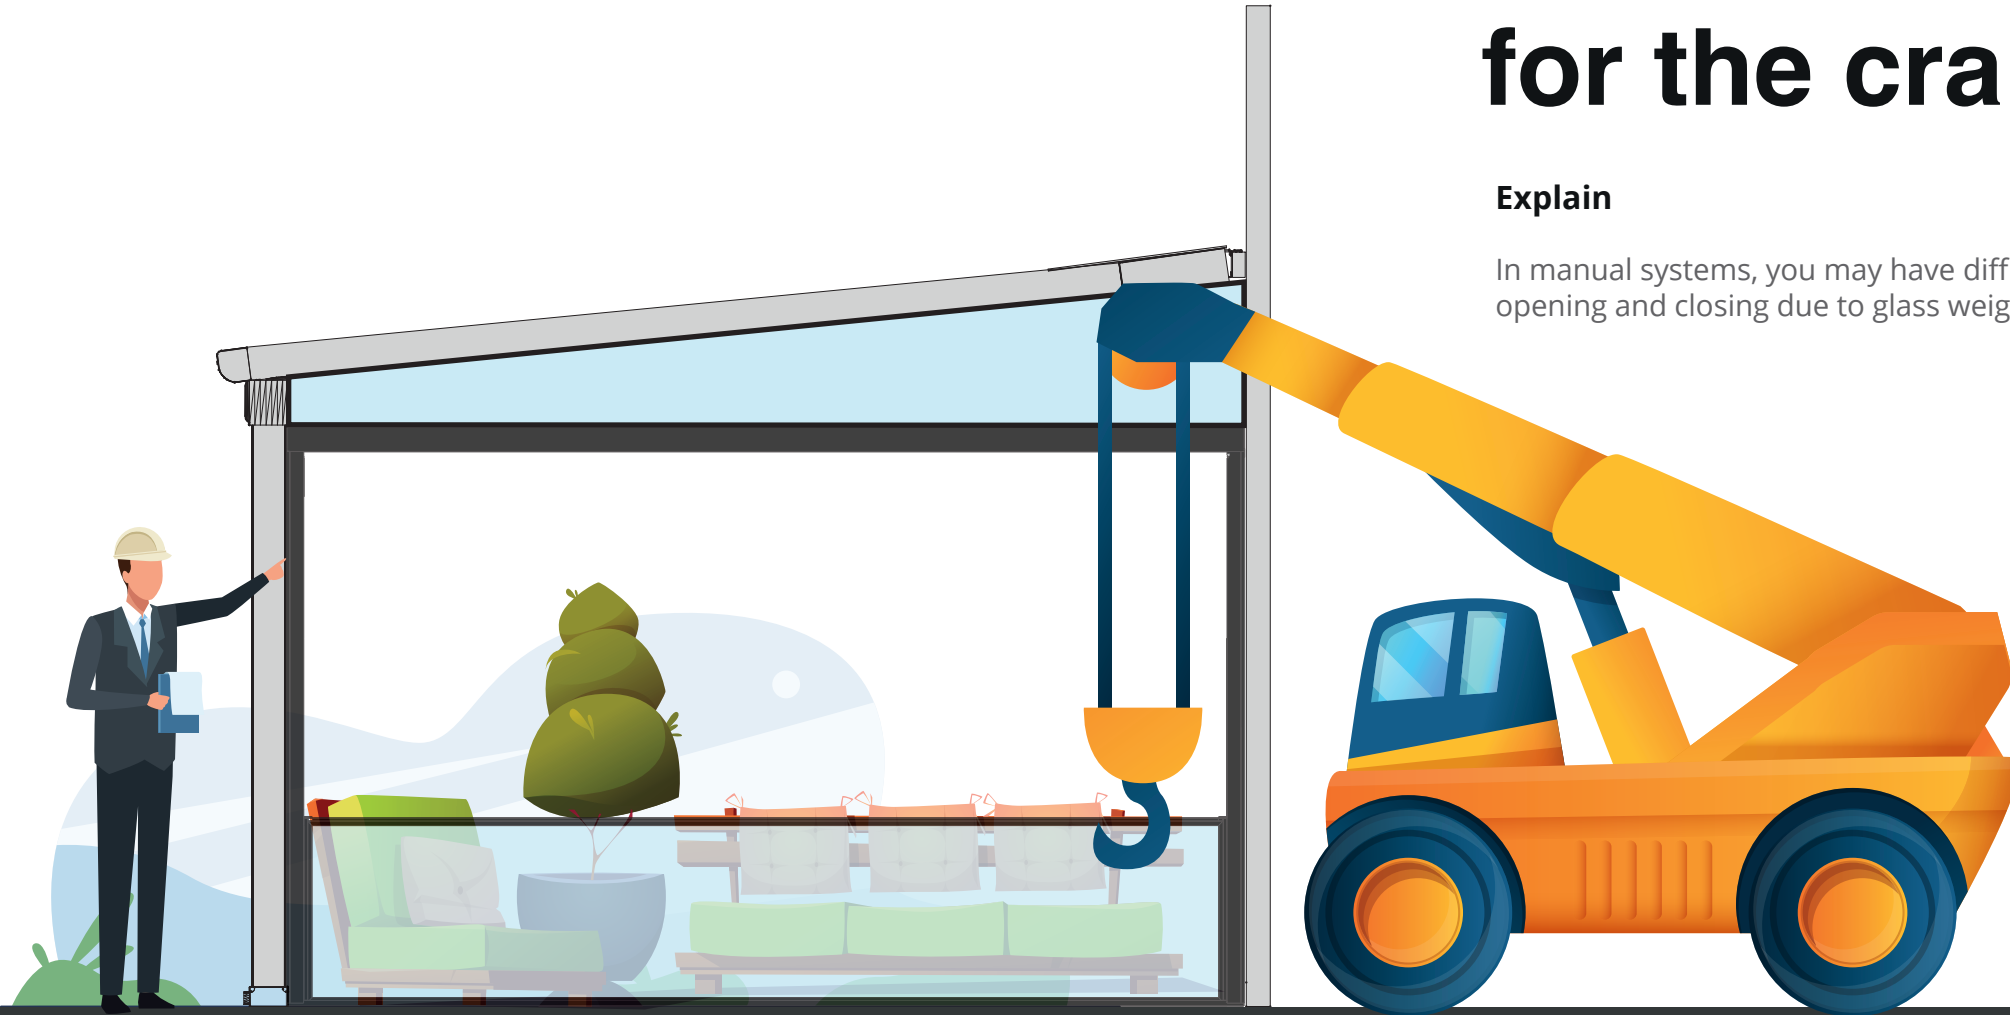

Total system opening-closing only one remote click.

# Did you call for the crane?

## Explain

In manual systems, you may have difficulty opening and closing due to glass weights.

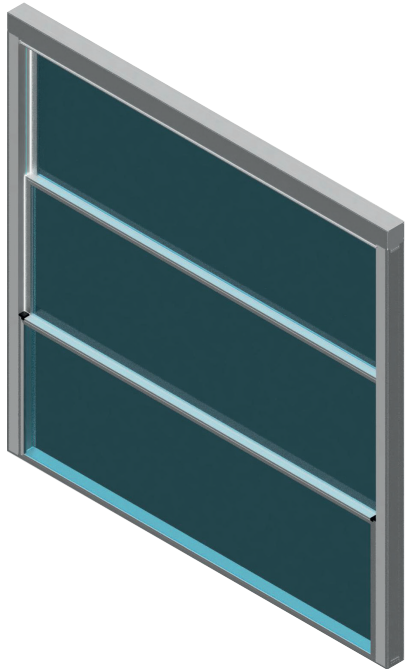

# Verlass

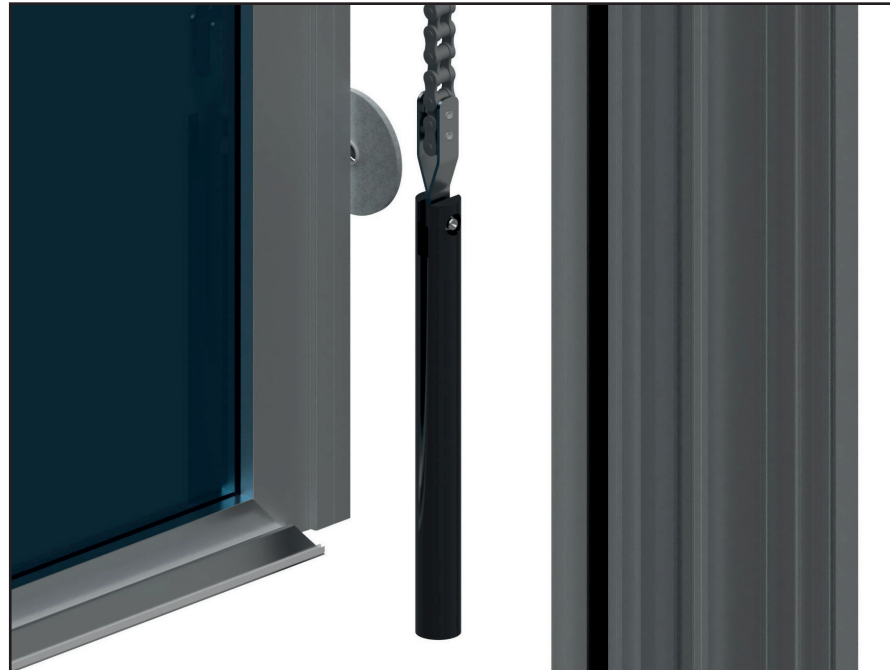

## Balance

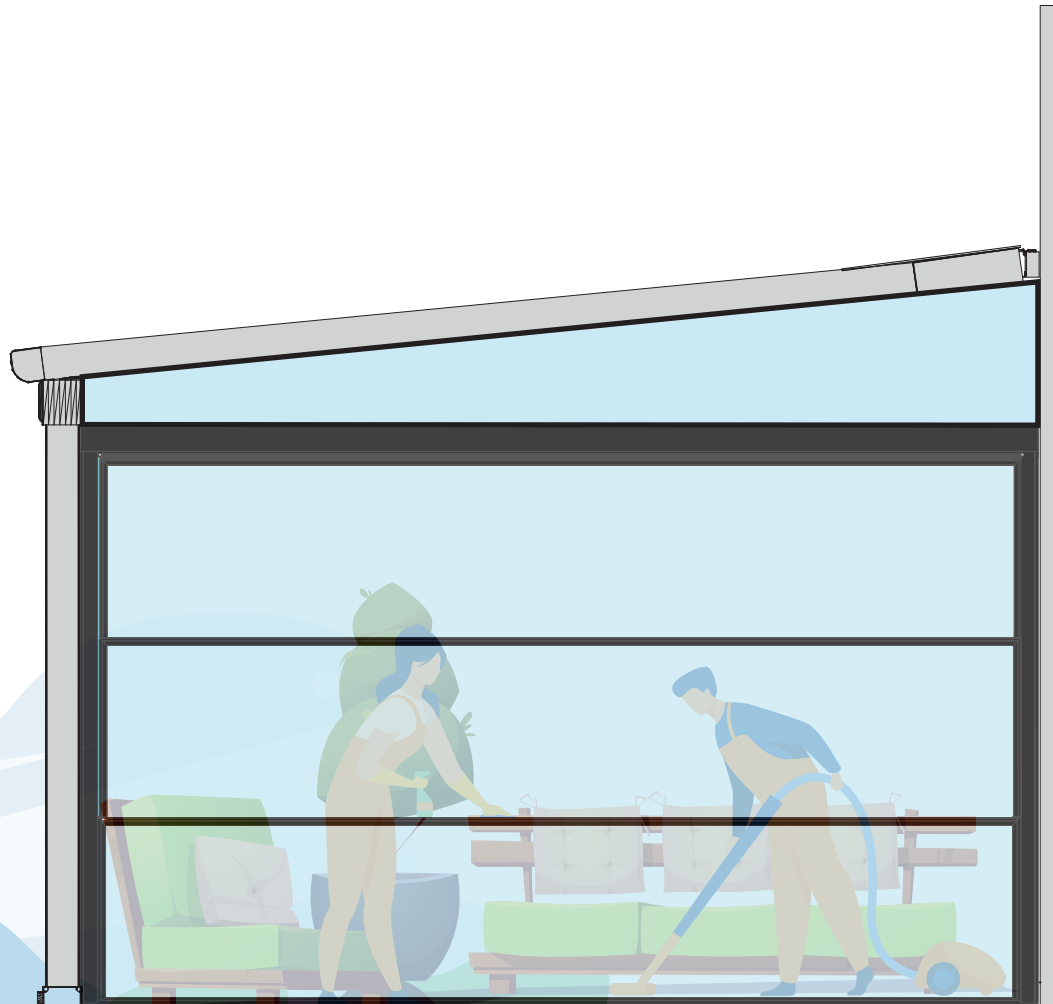

With the special weight solution that keeps the movement system in balance, your window system can be opened and closed safely.

## Advantage?

Not affected glass weight.

# Everyday Cleaning?!

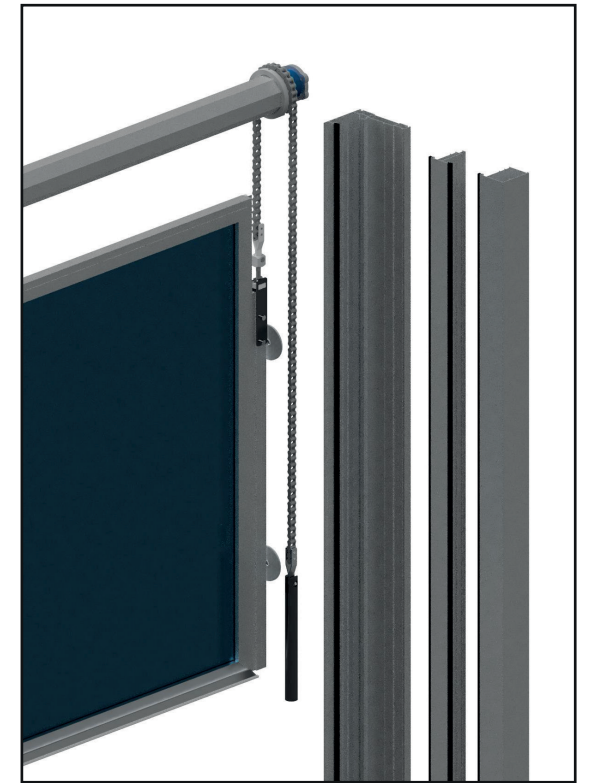

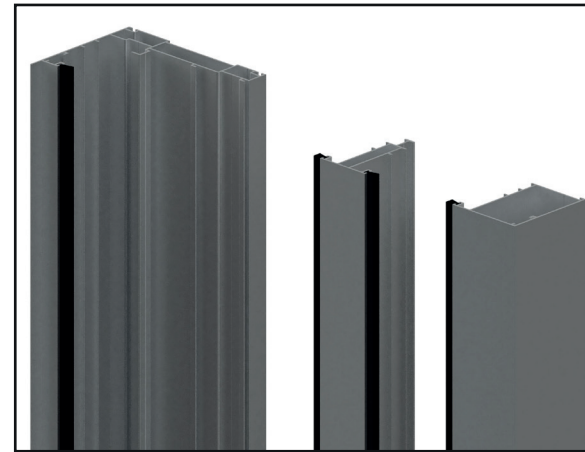

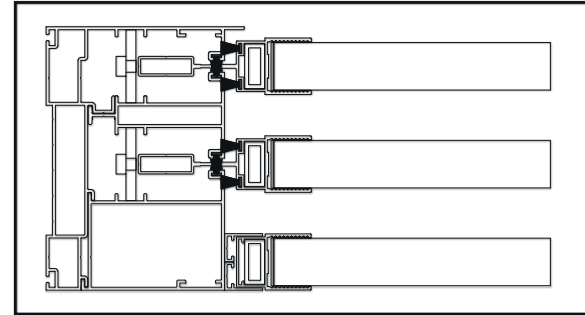

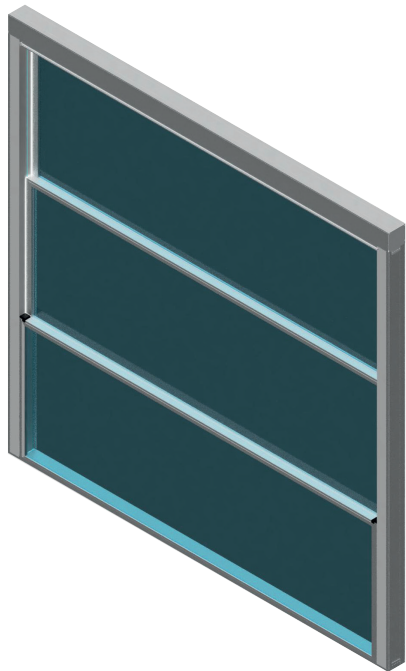

## Explain

In standard guillotine glass systems, the gap between the profiles is a disadvantage for indoor spaces.

# Verlass

## Dust Blocks

Dust blocking wicks block all incoming dust or small parts.

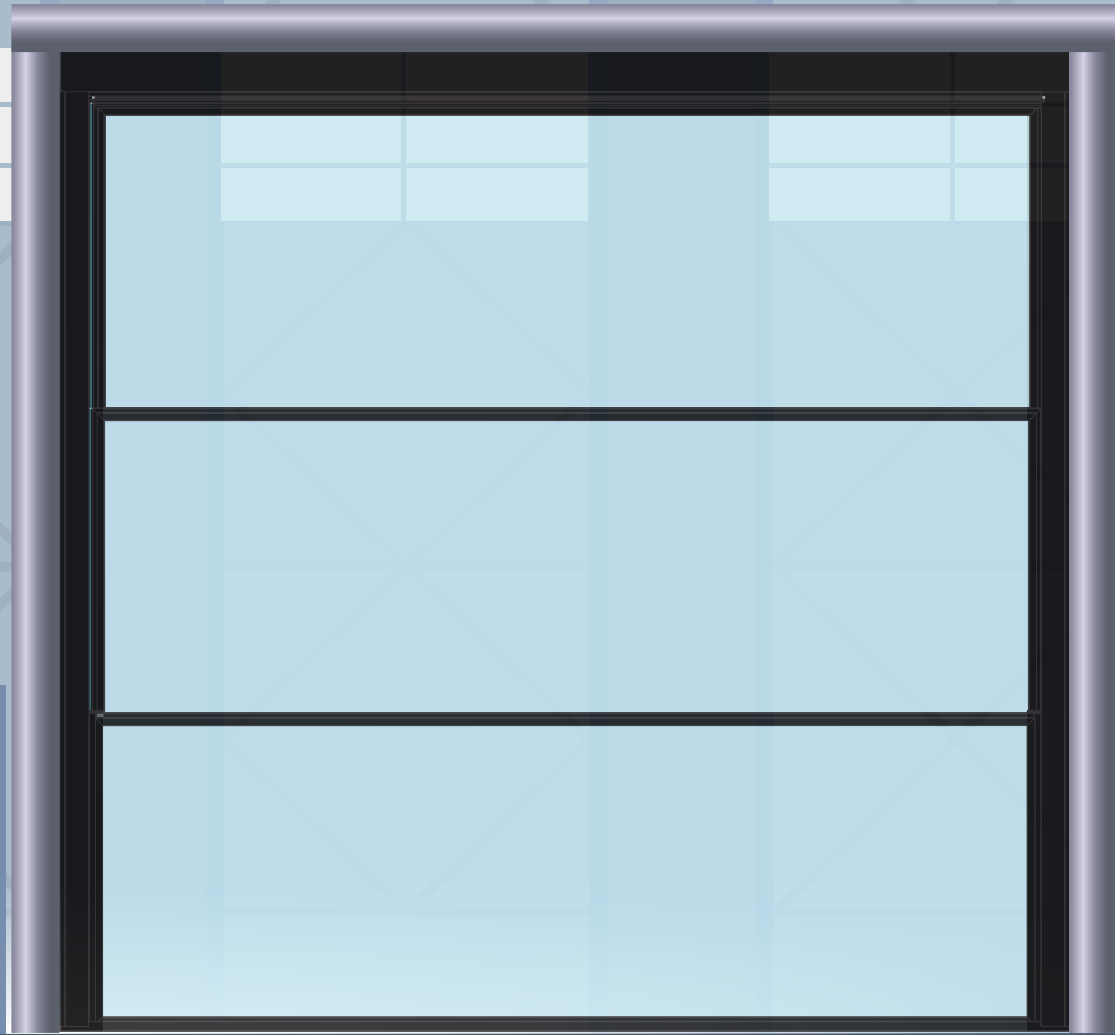

## Advantage?

Not affected by high wind.

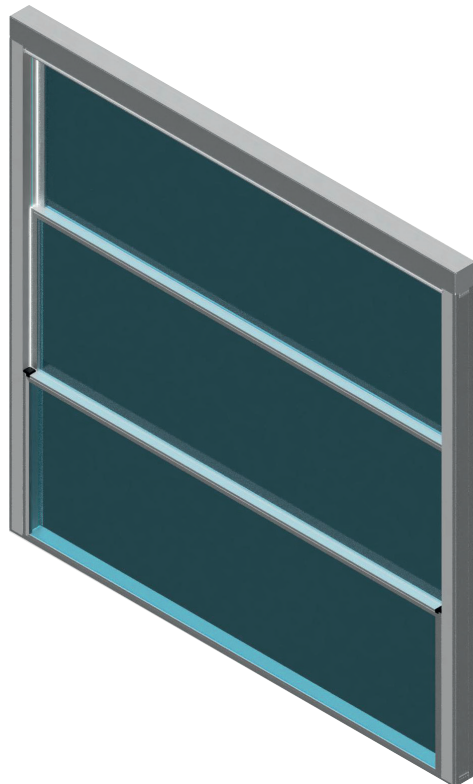

Perfekt !!!

# Verlass

## Global Certificated Product

Our Verlass Guillotone Glass systems already passed IFT Rosenheim tests. You can check our results from the IFT official website, documents.

### Advantage?

A product that can be used in every country with a globally recognized certificate.

## ift-Nachweis

### Classification Report

Number	20-000011-PR01 (NW-A01-0203-en-02)
Owner	Sunset Tente Dekorasyon Sanayi ve Ticaret A.S. Çerkesli Köyü İmes OSB 9.CAD No:20 41455 Dilovası / KOCAELI Turkey
Product	Vertical sliding window
Designation	System: VERLASS CORMORANO Shipping name: VERLASS CORMORANO Guillotine Glass System
Details	Manufacturer: Sunset Tente Dekorasyon Sanayi ve Ticaret A.S. - Dilovası / KOCAELI; Material: Aluminium; Type of opening: Sliding; Opening direction: Outwards; Overall dimensions (W x H): 2995 mm x 2544 mm
Special features	Test sequence. The vapour pressure equalisation of the glazing rebate has to be ensured. Material compatibility must be taken into account. Material durability must be taken into account. The strength, durability and material compatibility of the adhesive system was not part of the test and is tested separately. The country-specific limitation of deflection at wind load has to be considered.

#### Result

Air permeability according to EN 12207:2016-12

**Class: 3**

Resistance to wind load according to EN 12210:2016-03

**Class: A1**

Watertightness according to EN 12208:1999-11

**Class: 8A**
